WELCOME!

30TH ANNUAL INTERNATIONAL PINOT NOIR CELEBRATION

Thank you for the pleasure of your company at the 30th Annual International Pinot Noir Celebration! The history and camaraderie shared between members of the Pinot noir community are unique in the world of wine. For the past 30 years, the IPNC has been uniting Pinot devotees and gourmands for three luxurious days of eating, drinking, learning, and celebrating together in Oregon wine country. We are honored to share this weekend with you.

One of the world’s oldest known grape varieties, Pinot noir is revered for its unique ability to produce wines that embody both strength and delicacy. There are only a few regions in the world where it can be grown successfully, and the climates and soils of these regions are as distinctive as the winemakers themselves. Pinot noir reflects these differences, as well as the common threads of care and dedication required to transform this capricious grape into fine wine.

Pinot noir has enjoyed much success since the first International Pinot Noir Celebration was held in 1987. The number of Pinot noir growing regions and excellent Pinot noir producers worldwide has grown apace with the increase in overall quality and public appreciation of the wines. This shared affection has continued to inspire our annual event, where winemakers from four continents, and both hemispheres, pour their wines for you to explore and enjoy.

This year, we come together once again in the spirit of friendship and in the common pursuit of Pinot noir in all its grand diversity.

EMERGENCIES
In case of emergency, we encourage you to stay put and call 911. The nearest hospital is Willamette Valley Medical Center, located at 2700 SE Stratus Ave, McMinnville, OR 97128.
James Halliday is considered the preeminent authority on Australian wine. He co-founded Brokenwood in the Hunter Valley in 1970, Coldstream Hills in the Yarra Valley in 1985, and was a hands-on winemaker with both. He was the most senior and active wine judge in Australia from 1977-2008. He has written over 70 books since 1979, and has been a significant contributor to others, including the *Oxford Companion to Wine* and *Hugh Johnson's Pocket Guide*. James' website [winecompanion.com.au](http://winecompanion.com.au) includes over 90,000 tasting notes and reviews of over 2700 wineries, along with hundreds of articles. In short, the IPNC is honored to have James present as master of ceremonies and as a leader of our Grand Seminar Master Class on Australian Pinot Noir.

**The Grand Seminar**

**Master Class Australia: Pinot Noir in the Antipodes**

Traveling north from Tasmania to the Macedon Ranges, you'll discover that world-class Pinot noir has found, within the vast country of Australia, a variety of exciting new homes.Locating the perfect combination of soil, sunlight, precipitation, and elevation in a place well-matched to Pinot noir's short growing season is a challenge, to say the least. But only in such a place can this fickle grape produce wines that are elegant, delicate, and expressive.

Master of Ceremonies James Halliday, AM, staked his claim in the Yarra Valley back in 1985 where he founded the now legendary Coldstream Hills. Michael Hill Smith, AM, MW, discovered his favored niche for Pinot noir at the acclaimed Tolpuddle Vineyard in the Coal River Valley in southeastern Tasmania. Tom Carson crafts his Yabby Lake Pinot noir in Tuerong, located in the northern reach of the Mornington Peninsula. Together these three Australian wine luminaries will lead you through an extensive tasting of Australia's best Pinots, many of which seldom reach the United States...we suspect Australians love their Pinot noir so much they simply like to keep it for themselves! Wines to include:

- **Coldstream Hills Deer Farm Vineyard Pinot Noir 2015**
- **Mac Forbes Woori Yallock Pinot Noir 2014**
- **Mount Mary Vineyard Pinot Noir 2013**
- **Stonier Family Vineyard Pinot Noir 2015**
- **Paringa Estate Pinot Noir 2014**
- **Yabby Lake Block 2 Pinot Noir 2013**
- **Bindi Kaye Pinot Noir 2014**
- **Bass Phillip Premium Pinot Noir 2013**
- **By Farr Sangreal Pinot Noir 2012**
- **Home Hill Estate Pinot Noir 2014**
- **Tolpuddle Vineyard Pinot Noir 2014**
- **Dawson James Pinot Noir 2014**
- **Ashton Hills Reserve Pinot Noir 2014**
- **Tapanappa Foggy Hill Vineyard Pinot Noir 2012**

Talia Baiocchi, Punch
(Genetics 325)
Talia Baiocchi is a Brooklyn, N.Y.-based writer who specializes in wine, restaurants and culture. After graduating from New York University with a degree in journalism and political science, she swore off the idea of law school and decamped for Italy. She worked the wine harvest in Piedmont in 2006 and traveled to every winemaking region she could before running out of cash. Upon her return, she landed a job at Italian Wine Merchants, a New York wine shop. During this time, she began writing Synesthesium, a blog about music, art and wine. Talia was the wine editor for Eater.com, where she covered everything from restaurant wine programs to the stuff rappers drink. She has written about wine for many print and digital publications. In 2011, Time Out Magazine called her one of New York’s “New Wine Prophets.” She is the author of Sherry: A Modern Guide to the Wine World’s Best-Kept Secret, with Cocktails and Recipes and Spritz: Italy’s Most Iconic Aperitivo Cocktail, with Recipes. You can now read her various musings about wine and spirits at PUNCH.com where she is Editor-in-Chief.

Nick Doughty, Elephants Delicatessen
(Gastronomy 202)
Born and raised in Napa, California, Nick started his career in specialty foods at the age of 16, manning the cheese counter at Oakville Grocery. While attending graduate school in Northern Ireland, he ran Feast Belfast, the region’s first cheese shop, while hosting a monthly cheese show on BBCNI radio. Upon returning to the Napa Valley, Nick worked at Palisades Market before taking over the cheese and charcuterie counter at Dean & DeLuca and becoming passionate about wine. Nick and his wife came to Portland, Oregon in 2006, and he has managed Elephants Delicatessen ever since. Nick has been featured in Bobby Flay’s Boy Meets Grill, National Geographic Traveler, and National Public Radio. Outside of work, Nick hikes with his daughter, gardens, and spends way too much time on pyrography.
ROB HOOS, NOSSA FAMILIA COFFEE
(BEVERAGE SCIENCE 210)
Rob can best be described as ‘the coffee whisperer’ of Nossa Familia. He has a diverse range of experience within the specialty coffee industry, including training, roasting, and green coffee purchasing. He holds the highest level certificates with the Roasters Guild of America and was recently elected to its Executive Council for 2016-17. He also works as a subject matter expert, content developer, and instructor for the Specialty Coffee Association of America (SCAA). He is a Certified Trainer for Loring Smart Roast and travels around the world instructing on roasted methodology. In March 2015 Rob published a book on coffee roasting, Modulating the Flavor Profile of Coffee – One Roaster’s Manifesto, which has sold nearly 3,000 copies worldwide. Rob manages the entire coffee program at Nossa Familia Coffee, developing relationships with coffee farmers and importers, ensuring quality control for green coffee, and managing roast profiles.

HARRY PETERSON-NEDRY, CHEHALEM
(GERONTOLOGY 312)
See page 39 for complete biography

CHRIS REMY, ELEPHANTS DELICATESSEN
(GASTRONOMY 202)
Originally from New York, Chris Remy cooked in the burgeoning food scene of numerous restaurants in New York City and Oregon before falling in love with cheese and charcuterie. Hanging up his clogs and moving into mongering, Chris helmed the cheese and charcuterie counter as the manager and co-owner of New York’s Stinky Bklyn, one of the nation’s most influential shops. After five years in Brooklyn, Chris and his wife returned to Portland, Oregon where he shaped the cheese, charcuterie and specialty grocery programs at Elephants Delicatessen. Chris has appeared in numerous publications including the The New York Times and Alex Guarnaschelli’s Alec’s Day Off. In his spare time, Chris can be found obsessing over baseball, records, Broadway musicals, or a salted pig’s leg hanging from his basement rafters.
HAKON SKURTVEIT, VINMONOPOLET

(Psychology 101)

The core of Hakon Skurtveit's task at his day job can be summarized in one question: What makes this particular type of wine worth appreciating? He has been in charge of a sensory panel specializing in wine, beer and liquor for 16 years and still finds it inspiring as well as challenging to answer that question. Hakon grew up at Skurtveit, a small farm on an island off the west coast of Norway. The sensory quality of vegetables, fruits, and berries was part of the family's daily conversations. Maybe that background explains why he has a passion for trying to understand the different methods of viticulture and winemaking too. In his spare time he loves hiking and biking, and prefers high mountains before forests, wool before cotton, ice before snow, owls to sea gulls, deciduous trees to conifers and apples to peaches.

VAJRA STRATIGOS, FIFTH GROUP RESTAURANTS

(Gerontology 312)

Learning the importance of food, cooking, and dining has been paramount throughout Vajra's life. During the 1990s, Vajra travelled extensively, training with notable chefs in Italy, California, and France. He shifted his focus toward wine in the fall of 1993 and continued his education at Colorado University. Now in Atlanta, Vajra is a partner with Fifth Group Restaurants and day-to-day he holds the role of Director of Food and Beverage Standards. Vajra oversees and collaborates with all company chefs on special event menus and supervises general direction of all beverage and culinary offerings for eight concepts, and the group's events and design company, Bold American Events and Catering. Among other awards, Vajra has achieved certifications from the International Sommelier Guild, the Court of Master Sommeliers, the Society of Wine Educators, and the Wine and Spirits Education Trust. He received the People's Choice Award at the High Museum Wine Auction's "Oscars of Wine" and was named the 2007 "Rising Star Sommelier" by Starchefs.com.

ANTHONY TELLIN, SMITH TEAMAKERS

(ALCHEMY 225)

In 1998, Tony Tellin moved to Portland, Oregon from a small town in his home state of Iowa. He grew up drinking sun tea on the farm and had no idea how tea was grown, or made, or even what tea was really. Tellin started at Tazo Tea Company the day after he moved to Portland and has been a tea advocate ever since. During his time at Tazo, he worked with founder, Steve Smith, to source ingredients and create blends, as well as traveling to India, China, Indonesia, Sri Lanka, and Nepal to develop relationships with key producers. Tellin followed his mentor to Smith Teamakers and now holds the position of Head Teamaker.

**PSYCHOLOGY 101 | MINDFUL APPRECIATION OF PINOT NOIR**

**TJ DAY HALL (#8), ROOM 103**

Ever wonder where to start when it comes to approaching a blind tasting? Håkon Skurtveit (p.12) suggests practicing mindfulness: bravely paying attention only to the wine, without regard to prestige, scoring, or ‘getting it right’. Discover new depths in Pinot noir: the meditative red grape.

**GERONTOLOGY 312 | AGING GRACEFULLY**

**TJ DAY HALL (#8), ROOM 108**

What's so amazing about a well-aged Pinot noir, and why are some winemakers so committed to age-worthiness? In this seminar, taste current release vintages of Pinot noir from Burgundy, California, and Oregon alongside an older vintage preserved in the IPNC library. Decide for yourself if it is worth the wait. Panelists include Harry Peterson-Nedry of Chehalem (p. 39), Vajra Stratigos of Fifth Group Restaurants (p.12), and Vanessa Wong of Peay Vineyards (p. 24).

**GASTRONOMY 202 | PINOT NOIR AND CHARCUTERIE**

**TJ DAY HALL (#8), ROOM 104**

Pairing wine and food isn't as simple as red with meat and white with fish. Considerations as to saucing, seasoning, and preparation dramatically influence wine selection. Using charcuterie as the medium and a selection of Pinot noir as the inspiration, Nick Doughty (p. 10) and Chris Remy (p. 11) of Elephants Delicatessen guide the conversation on how texture, flavor, and richness impact the pairing quotient.

**BEVERAGE SCIENCE 210 | COFFEE: FROM SEED TO CUP**

**TJ DAY HALL (#8), ROOM 102 ** *FRIDAY ONLY*

ENVIRONMENTAL STUDIES 370 | CLAUDE GIRAUD: THE MAN WHO WHISPERS TO THE OAKS OF THE FOREST
TJ DAY HALL (#8), ROOM 222
In this unique seminar, Claude Giraud of Champagne Henri Giraud (p. 30) will explain how the forest of Argonne – the traditional source for the oak barrels of Champagne – displays different and distinct terroirs. Each terroir in the forest impacts the flavor of the oak barrels made from its trees. Experience the distinct flavors and aromas of the forest in still wines from Champagne Henri Giraud fermented in the terroirs of Chatrice, la Controlerie, and les Haut-Batis. At the end, taste the final product, the “Argonne Cuvée”, which stands among the very best and most highly rated wines that Champagne has ever produced.

GENETICS 325 | EVOLUTION OF HOUSE STYLE
DILLIN HALL (#33)
Is it nature, or is it nurture? Adam Campbell of Elk Cove Vineyards (p. 44), Jim Clendenen of Au Bon Climat (p. 20), and Antoine Gouges of Domaine Henri Gouges (p. 30) will explore the concept of “house style”, and try to untangle the complex web of factors that create each winemaker’s unique signature. Moderated by Talia Baiocchi (p. 10).

GEOGRAPHY 411 | DOMAINE MARQUIS D’ANGERVILLE
TJ DAY HALL (#8), ROOM 219
Established in 1507, the Clos des Ducs is one of the most prized premier cru monopoles in the Côte de Beaune. Domaine Marquis d’Angerville (p. 28) watches over this venerable parcel, among others, maintaining traditional practices in the vineyard and the winery, and holding ultimate respect for terroir. Guillaume d’Angerville will guide you as you travel from north to south down the RN 73 tasting five wines from vineyards owned and farmed biodynamically by the domaine. Experience the diversity of this historic hillside, including the 2.9 hectare Clos des Ducs.

BEVERAGE SCIENCE 211 | TEA: PREPARATION, PRESENTATION AND EVALUATION
TJ DAY HALL (#8), ROOM 102 *SATURDAY ONLY
Tea and wine both offer a wide variety of experiences to the palate, some of which are impacted by the preparation, serve ware and presentation. With tea, specific temperature, time, concentration and serve ware can elevate any experience and bring out the best from any leaves. In this hands-on class, we will prepare and evaluate artisan-made green, black and oolong teas, prepared in different methods and with different materials to highlight the impact on flavor, aroma, and overall character. We will explore the “appropriate” serve ware and process for all tea types and occasions while showcasing both timeless tea experiences as well as more modern ways of preparing and enjoying tea.
Chacra, founded in 2004, is an organic and biodynamic winery located in the Rio Negro Valley of Patagonia founded by Piero Incisa della Rocchetta, grandson of Mario Incisa della Rocchetta – creator of Sassicaia. Chacra focuses on making single vineyard pinot noir from ungrafted vines dating as far back as 1932. The cornerstones of Chacra are quality and an organic and biodynamic philosophy producing pure, natural, energetic, and elegant wines that convey the taste of this special place on earth. The wines are fermented in cement vats and fermentation occurs with indigenous yeast and are aged in french oak which is lightly toasted. The wines are than bottled without filtering or fining. Chacra currently produces 7 wines: treinta y dos, cincuenta y cinco, barba, sin azufre, mainqué rosé, mainqué merlot, and amor seco.

NOTES:

Michael Dhillon was born in the town of Gisborne (where his family on his mother Kaye’s side have been since 1853), 55kms northwest of Melbourne, and grew up at Bindi, a 170 hectare farm just outside the township. Today he and his family produce Chardonnay and Pinot from their vineyard at Bindi, which Bill and Michael Dhillon established in 1988. Michael Dhillon served as assistant winemaker to Stuart Anderson from 1991 until 1998 when he assumed full responsibility. Michael learned his craft working with Stuart as well as experiencing vintages in Europe, where he spent time with the Champagne house Jean Vesselle in Bouzy, with Alain Graillot in Croze-Hermitage and four vintages in Tuscany at Tenuta di Valgiano. After 26 vintages of wide row viticulture Bindi is progressing with four new plantings at over 11,000 vines per hectare in a 1.1m x 0.8m configuration and some at 1.1m x 0.4m.

Featured Wine: 2015 Single Vineyard Hazeldene

Coldstream Hills was founded by James Halliday and wife Suzanne in 1985. The winery and surrounding vineyard are situated on a hillside property in the Yarra Valley, one hour east of Melbourne. Planting began in 1985 in a natural amphitheatre, the lion’s share to Pinot noir and Chardonnay. There are now five separate vineyards in the Lower and Upper Yarra Valley, 100 hectares/247 acres under vine, over 50% is Pinot noir and Chardonnay. The generally preferred (and planted) Pinot clone is MV6, from an 1832 importation (ex Clos de Vougeot). It is considered superior to all Davis clones and most of the new Dijon clones. Substantial ongoing grape purchase contracts are also in place. Chardonnay and Pinot noir may be made (vintage-dependent) in four levels: basic varietal denominated, single named vineyards, Reserve and rarely an Amphitheatre Pinot noir. The first winery was built in 1988 with a capacity of 500 tonnes, and a major new complex was completed in 2010, lifting capacity to 1500 tonnes, over-filled in 2016.

Peter Dawson and Tim James are winemakers who have always been driven by quality and innovation. With a collective winemaking experience of more than 70 years, their interest in wine is much more than purely professional, and it was inevitable that at some point down the track, the two would work in collaboration. Their ambition to make a great Pinot noir drew them to the cool climate of Tasmania where they have committed to making both Pinot noir and Chardonnay from a unique vineyard site in the Derwent Valley. The first release of their 2010 vintage wines was much anticipated within the industry which, over the decades, has benefited from the talent and experience of these two stalwarts. They have worked across the industry in a wide range of capacities: as winemakers, judges, educators, lobbyists and directors. The Chardonnay and Pinot vineyard patches selected by Dawson James were planted in 1989. Consequently vine-age plays an important part in the development of flavour and the balance of the fruit.

Born and raised in Victoria’s Yarra Valley, where grape-growing dates back to the mid 1800s, Mac grew up when the modern history of the Yarra Valley was commencing. In 2004, after many years of making wine abroad, Mac returned to the Yarra with one key question – What makes the Yarra so distinct? Since Mac’s first vintage under his eponymous label in 2005, Mac has assembled a collection of older vineyards where plants are adapted to site. His committed team works with a strong focus on soil and plant health. Grape growing defines the subsequent winemaking, with the sole ambition of capturing the unique environment of the Yarra. Winemaking is low-tech and hands-on. With over 100 parcels of Pinot noir made every year, Mac captures all of the nuances observed in the various sites, along with small plantings of Yarra Chardonnay and Cabernets, and Riesling from Strathbogie Ranges.

Throughout the 1980s and 1990s, Stonier gradually expanded its vineyard holdings, planting its own vineyards, and working with land holders in chosen sites across the Peninsula. With a focus solely on Chardonnay and Pinot noir, Stonier has now established an enviable collection of mature premium vineyards across the region, with their personalities most aptly displayed in their selected single vineyard releases each year.

Yabby Lake was established by the Kirby family in 1998 in Tuerong, on Victoria’s Mornington Peninsula. Over the past decade, the vineyard has built a reputation for single vineyard Pinot noir and Chardonnay of great purity and character. Led by winemaker Tom Carson, the Yabby Lake philosophy is to craft wines that are a clear reflection of the site and the season in which they were grown. It’s the attention and care in the vineyard that is most critical to allowing this expression. Each parcel is hand selected and handled separately in the winery, and along the way, if something stands out for its individual personality, a small parcel will be bottled separately under the ‘Single Block Release’ label. Yabby Lake has received great recognition in recent years, including a history-making Jimmy Watson Memorial Trophy (the first Pinot noir to achieve this honor after 52 years of the revered award). The vineyard also continues to gain high critical acclaim abroad, from such international wine authorities as Decanter (UK), Matthew Jukes, Jancis Robinson and Jamie Goode.

Dutton-Goldfield Winery began in 1998 when longtime colleagues and friends Steve Dutton and Dan Goldfield recognized a shared vision between them – to craft wines that express the personalities of their cool-climate vineyards, and they would enjoy drinking at their own dinner tables. After moving to Tahoe in the late 1990s to pursue his dream of Olympic Freestyle Skiing, Jeff Restel inevitably landed in the perfect “work nights and play days” industry of restaurants. This is where wine was first introduced to the future winemaker. Fast-forward through a failed ski career, thirteen years in restaurants, a narrow escape from opening a brick and mortar wine shop in New York, and Jeff found himself as a “mature” student in the UC Davis Viticulture and Enology program. Post-graduation, a short stint at Long Meadow Ranch in St. Helena, CA, led to a position at the esteemed Dutton-Goldfield Winery where Jeff is currently the Associate Winemaker.

NOTES:
Ehren Jordan began his winemaking career with a two-year apprenticeship in the Rhône Valley, followed by years of making wines for Neyers Vineyards and Turley Wine Cellars. Along the way, Ehren purchased a plot of land out on the rugged Sonoma Coast (Cazadero to be specific) and planted it to Chardonnay and Syrah. Shortly after, he founded Failla Wines (1998), eventually adding Pinot noir to those Estate Vineyard plantings in 2002. Failla has since built a winery and cave into the hillside along the Silverado Trail of Napa Valley. In 2011, Ehren added to his vineyard holdings with the purchase of the Olivet Vineyard. Located in the “middle reach” of the Russian River Valley, this vineyard gives him another 14 acres to farm as he sees fit. Ehren’s viticultural training in France has forever infused his farming and winemaking choices, ideals that have allowed him to coax out the various incarnations of his favorite varieties from different climates, soil types, and rootstocks. Inspired by Pinot noir, Chardonnay and Syrah, Ehren has molded relationships with great farmers and added to his estate holdings and plantings (30 acres) to produce bottlings that capture the essence of California’s finest regions.

NOTES:

Perched on top of soaring coastal ridges and just two miles from the rugged Pacific Ocean, the two estate vineyards of Flowers Vineyards & Winery were some of the first planted on the “extreme” Sonoma Coast. Elevation, ranging from 1,150 to 1,875 feet, ensures that maritime breezes and coastal fogs cool the vineyards during the heat of summer allowing fruit to fully mature with fresh, complex flavors and lively acidity. The well-known San Andreas Rift comes ashore nearby at Ft. Ross and is responsible for much of the geological movement in the region and has influenced both Sea View Ridge and Camp Meeting Ridge vineyards. The underlying, or parent material of the vineyard soils was once ocean floor. Through cataclysmic events of fault movements that generated great heat and pressure, the marine sedimentary rock was transformed into fault gouge material consisting of rocks like schist, shale, sandstone, greywacke, and greenstone. These ancient rocks and weathered soils help to control vine vigor on our estate and create wines of depth with bright fruit, earth, and mineral characteristics – wines that reflect a true “sense of place.”

NOTES:
Located in the green, rolling hills of western Sonoma County, family-owned Freeman Vineyard & Winery is dedicated to expressing the purest essence of cool climate California Pinot noir. Winemaker Akiko Freeman works with high quality fruit from estate vineyards and select growers in the rugged Sonoma Coast and the coldest reaches of the Russian River Valley to create balanced wines of delicate refinement and beauty. Two estate vineyards, Gloria and Yuki, enjoy a perfect combination of soil, climate and elevation, and are at the heart of Freeman’s small-lot Pinot noir program. Akiko and her team conduct as many as 50 individual clonal fermentations each vintage to create elegant, transparent wines that are imbued with a unique Japanese sensibility. These are rare, award-winning wines beloved of fans and critics worldwide.

In 1997, they planted the first Pinot noir vines in this new, rugged location, and began selling the fruit to many interested wineries. In 2006, Robert passed away in a rafting accident, and the brothers became more determined than ever to continue what their father had started. Peay Vineyards was founded in 1996 with the goal of making elegant, pure and focused wines that would capture the timeless expression of the great wines of the world. To realize this vision, Andy and Nick Peay decided it was critical for them to farm their own grapes in a climate much cooler than they had experienced in the New World. They bought a piece of land on a ridge overlooking the Pacific Ocean on the extreme West Sonoma Coast – where folks said it was too cold to ripen wine grapes – and began planting in 1998. Fortunately for the brothers, Vanessa Wong joined Peay Vineyards as winemaker before their first harvest in 2001. She started her career at Chateau Lafite-Rothschild in Bordeaux, Domaine Jean Gros in Vosne Romanee, and, prior to joining Peay, had been winemaker at Peter Michael Winery in Sonoma. Bill and Tiki Spell founded Spell Winery in 2006 with the goal of producing world class Pinot noir from Northern California. Pinot noir when at its best captures a sense of time and place. In producing single vineyard designated wines our mission is for each wine to have a distinctive characteristic unique to each vineyard from each vintage. The portfolio consists of four Pinot noirs — one cuvée and three single vineyards, one Chardonnay, and one Vin Gris. Winemaker Andrew Berge — Germany born, Minnesota raised — is a careful and thoughtful winemaker with a strong understanding of the vineyards in which he works. He is known for making single-vineyard wines that are balanced and elegant. He comes to Spell with a pocketful of degrees in food science, deep experience in winemaking and a farmer’s love of the land.

NOTES:
In 1976, Dr. Thomas Fogarty, a practicing heart surgeon and noted inventor of medical devices, decided that he would dedicate his approximately 350 acres in the north end of the Santa Cruz Mountains to open space with an agricultural purpose. Once he made the decision to plant the Estate to the cool-weather wine varieties Pinot noir and Chardonnay, Dr. Fogarty was introduced to Michael Martella, a fourth generation grape grower in California. In 1977, Martella and Fogarty began removing brush to plant the first two vineyards on the property. The almost 30 acres under vine are today farmed organically with minimal (if any) irrigation, and the property remains in the Williamson Act, which means that the entire Estate of 350 acres is preserved as Heritage Oak and Fir forest. Now, we carry forth the vision of our founders, Dr. Thomas Fogarty and Michael Martella, hand-farming and raising these wines from the small mountain vineyards of our Estate.

NOTES:

Located in BC's South Okanagan, Blue Mountain Vineyard and Cellars is distinctive among Canadian wineries in that all its wines are produced exclusively from grapes grown on the estate's vineyards. To the Mavety family, "estate" means more than the piece of land; it extends to the practice of both viticulture and winemaking by the same owner-operators. Current owners Ian, Jane, Matt, and Christie Mavety continue to work to realize the potential of the region, utilizing sustainable farming methods and winemaking practices. Blue Mountain produces complex, age-worthy varietal wines that are consistent in style while allowing the expression of both the terroir and the individual growing season. In the burgeoning wine industry of the Okanagan Valley, Blue Mountain can make the rare claim of over 45 years of continuous grape production by one family. Celebrating the 25th anniversary of its first vintage this year, Blue Mountain continues to offer complex and cellar-worthy varietal wines.

NOTES:
The Ambroise family settled in Premeaux-Prissey, near Nuits-Saint-Georges, 300 years ago. Bertrand Ambroise studied viticulture and winemaking and then traveled to Champagne and Cognac to learn the approaches of other regions. In 1987, he created the house of Ambroise, a negociant that also draws on the family's 40 acres, which include two Premier Crus in Nuits-Saint-Georges. They now produce 11,000 cases a year with bottlings of Chardonnay and Pinot noir. Bertrand views winemaking as a dialogue between traditionalists and modernists.

Guillaume d'Angerville returned to the family estate in Burgundy in 2003, after a 25-year investment banking career. Domaine Marquis d'Angerville, based in Volnay, farms 15 hectares in Volnay, Meursault and Pommard, of which 12.5 hectares are Volnay 1er cru. The domaine also produces Volnay Village and regional appellations (Bourgogne Rouge, Bourgogne Blanc, Aligoté and Passetoutgrain). Guillaume favors minimal human intervention during vinification and in the winemaking process, so that each wine produced most accurately reflects the terroir where it was grown. The domaine is farmed 100% biodynamically. In 2012, Guillaume and partner François Duvivier started Domaine du Pelican in Arbois, Jura. Domaine du Pelican farms 15 hectares biodynamically (of which 5 hectares from Jacques Puffeney’s estate) and produces three cuvées: Trois Cépages, Chardonnay and Savagnin Ouiille. At Domaine Henri Gouges, man takes root in the soil like the ancient vines he produces. Once, it was Henri, then Michel and Marcel, today it is Pierre, Christian and their successors, Grégory and Antoine. For nearly eighty years, the soil has soaked up the sweat of these enthusiasts on the fifteen hectares that make up the family domaine. Since the beginning of the century, all the work in the Gouges family can be summarized in the maxim: "It is whilst still on the vine that a fine wine matures." Gouges' holdings in Nuits-Saint-Georges represent some of the most beautiful selections from the Côte d'Or.

NOTES:
The Huguenot family has been making wine for ten generations. Philippe Huguenot and his father Jean-Louis are the winemakers today. The domaine expanded greatly under the guidance of Jean-Louis and Eliane, who assembled the terroirs of the domaine. These terroirs are a gift handed over generation after generation. Jean-Louis and Eliane also worked tirelessly to promote the establishment of the Marsannay appellation. In 2001, Philippe's wife Valerie joined the Domaine. Philippe's goal is to continue the love of the terroir handed down to him from his parents and grandparents. Always concerned with the environment and soil health, Domaine Huguenot was certified BIO ECOCERT in 2013.

Featured Wine: 2013 Gevrey-Chambertin

Philippe Pacalet was born to a winemaker's family, whose tradition in winemaking started in 1780. After ten years making wine for a renowned estate in Vosne Romanée, Philippe started producing his own “Haute Couture” wines from sustainable and organic viticulture of the best parcels found in the finest appellations of Côte de Nuits and Côte de Beaune. Each of his wines is representative of its terroir by a specific taste, and not due to technological methods. Thus, Philippe Pacalet is about the art of expressing the terroir and Burgundy's nature through wine to give pleasure and emotion to people.

NOTES: ________________________________
Domaine Marc Roy includes nine acres of Pinot noir in Gevrey-Chambertin split into three distinctive "Cuvees." "Vieilles Vignes" is made from a selection of the oldest vines of the estate (about 70 years old). "Clos Prieur" is made from this specific climat, ideally located just below the Grand Cru "Mazis-Chambertin." "Cuvee Alexandrine" was first created in 2005 and made from a selection of millerandees grapes. One other acre is planted with Chardonnay to produce a rare white Marsannay "Les Champs Perdrix." After wine studies in Beaune, Alexandrine took over as the fourth generation owner/winemaker of Domaine Marc Roy in 2003. She continued to further her wine knowledge through experiences in Australia (2004) and New Zealand (2005). Additionally, since 2007 she has been the consulting winemaker for Phelps Creek Vineyards in Oregon. Because great wines are born in the vineyards, Alexandrine gives strong attention all year long to the soils and vines to bring low yields of top quality grapes. Then, traditional winemaking with 100% destemmed grapes, fermentation with native yeasts, punch downs by foot and moderated oak maturation treatments allows Alexandrine to craft wines with soul that reflect Gevrey-Chambertin's specific and unique terroirs.

Featured Wine: 2013 Sancerre Rouge Belle Dame

The cultivation of the vine runs deep within the family of Vacheron. Beginning in the last years of the 1880s, the first generation cultivated vines in addition to other crops on borrowed land and raised horses. In the early 1990s, with little more than one hectare of vines, Maurice Vacheron formally established the family domaine. Today, Jean-Louis Vacheron and his son Jean-Dominique together with Denis Vacheron and his son Jean-Laurent, pilot the family's 47 hectares of vines, which produce some of the finest Sancerre blanc (Sauvignon blanc), and Sancerre rouge (Pinot noir). Their parcels are spread over some of the most intriguing terroirs of the Sancerre region. The vines and the winery were certified biodynamic in 2004, as part of the new generation's quest for quality. They have come a long way from a few borrowed acres and a horse.

Weingut Burg Ravensburg is located in Sulzfeld. First documented in 1251, it can look back on a history that spans more than 760 years. The mineral-rich gypsum keuper soils here are more than 230 million years old and yield well-structured, straightforward wines with a firm body. Burg Ravensburg’s premium wines are from the Grosse Lage sites Dicker Franz, Husarenkappe, and Löchle. Riesling predominates, followed by Blaufränkisch and members of the Pinot family. Blaufränkisch, by the way, is the same red grape variety known in Württemberg as Lemberger. As of 2014, in order to emphasize the individuality of Kraichgau wines, Burg Ravensburg has opted for the designation that is used more often in international circles.

Weingut Heitlinger is located in Östringen-Tiefenbach. The soils consist of loess and colored marl. The latter is typical in the Kraichgau, but with the exception of a few patches in France (in the Jura, Burgundy, and the Rhone Valley), colored marl is seldom found elsewhere in the world. This type of soil lends the wines a special, fruity-mineral character that is particularly prevalent in the premium wines from the so-called Grosse Lagen (vineyards classified by the VDP as the very finest of a respective region). Heitlinger cultivates vines in the Grosse Lage sites Spiegelberg, Heinberg, Eichelberg, Königsbecher, Schellenbrunnen, and Hassapfel. Members of the Pinot family, “Burgunder” in German, account for 70 percent of all plantings, including Pinot gris, Pinot blanc, Pinot noir, Chardonnay, and Auxerrois. Germany’s first Auxerrois wine from a Grosse Lage – the Hassapfel site – was produced in 2012.

Wyncroft is a family-owned estate winery founded in 1998, located in the glacial moraine hills of southwest Michigan. The proximity to Lake Michigan provides a unique microclimate, perfect for growing many of the noble vinifera grape varieties from which the world's greatest wines are made. They pattern their super-premium wines in this classical tradition, operating in the style of a tiny French garagiste winery. Wyncroft wines are single-vineyard designated, from low-yield estate vineyards in the Lake Michigan Shore and Fennville appellations. Jim Lester, the winemaker and owner, has been growing vines and making wine in Michigan for more than 30 years. Their limited releases are available primarily through a mailing list, online wine shop and select restaurants.
Matt Stafford has travelled extensively throughout the world, working with grapes from a variety of wine regions including France, California, Australia, and New Zealand. Matt joined the Craggy Range winemaking team in 2006. The company's ambition of being an equal in the fine wine world and creating an enduring family legacy spoke to Matt's own desire to craft fine wines that speak of their sense of place. His interest in winemaking stemmed from an affinity with the land and a desire to better understand its power and capabilities. "I love our great estates and feel a strong connection to their complexities and subtleties. Our craft is one in which the learning experiences are endless yet we can convey what we have learnt each year in a bottle of wine and share this wine with people the world over." A scientific mind, with strong attention to detail and an ability to listen to the wines are the hallmarks of Matt's style. This approach allows the wines to develop a certain reserve, depth and maturity with many achieving international acclaim.

Brick House Vineyards obtained organic certification from Oregon Tilth in 1990 and Demeter Biodynamic™ certification in 2005. NOTES:
Brittan Vineyards was founded by veteran winemaker Robert Brittan and his wife Ellen, who left Napa Valley to pursue their dream of making cool climate Pinot noir and Chardonnay in Oregon. The Brittans purchased their 128-acre property in the foothills of the Coastal Range in the McMinnville AVA, where they have 24 acres planted to Pinot noir. Robert brings extensive viticultural and winemaking experience to their venture, having worked as winemaker at Far Niente, St. Andrew's and Stags' Leap Winery before heading north to the Willamette Valley. On his rocky, exposed hillside Robert believes he has found a vineyard site that allows him to craft wines that speak of a unique place. The Pinot noirs from Brittan are intense, rich wines that have great structure, yet are balanced, elegant and very age-worthy. While Robert oversees the vineyards and winemaking, Ellen focuses on the sales, marketing and financial side of the family business. Ellen and Robert now reside at their home at Brittan Vineyards in McMinnville, where they intend to spend the rest of their lives doing what they love to do, growing and making fine wines and sharing them with fellow hedonists.

NOTES:

Chehalem is known for Pinot noir, but also equivalently for white wines. They are proud to make wines that speak eloquently to the first half of a meal as well as the last half. Over half of production is white; ranging from Riesling — their passion, to groundswelling new Oregon Chardonnay, to exceptional Pinot gris, and exciting smaller productions of Gruner veltliner and Pinot blanc. Everything is grown sustainably on the estate vineyards. The climate and winemaking style reveal wines that emphasize balance, elegance, and texture rather than power and size. This openness allows the vintage and three terroirs farmed in the Ribbon Ridge, Dundee Hills, and Chehalem Mountains to express themselves, not with words, but with wines of startling distinction. Mature vineyards, mature winemaking, consistently great wines.

J. Christopher winery is located in Oregon’s northern Willamette Valley, in the Chehalem Mountains AVA. This small winery specializes in Pinot noir made using the traditional methods of Burgundy. The winery, one of the few in Oregon to produce Sauvignon blanc, is modeled after the great wines of Sancerre. Owner Jay Somers has been making wine in Oregon for more than 15 years, and established the J. Christopher brand in 1996. Jay’s wines are hand-crafted in small lots and are sourced from some of the best vineyards in Oregon. His philosophy is to produce wines that emphasizes focus, length and balance. “We do not make fruit bombs. We want wines that have a fine balance of fruit, acidity and texture . . . wines that are complete.” Jay firmly believes the key to this is patient winemaking, allowing the wines to develop naturally.

NOTES: 
Twenty-two years in, Jim Prosser has moved like a glacier across the landscape of the northern Willamette Valley. More quiet and ever forward, he has forged Pinot noirs worth cracking. From the cellar and tractor of eight wineries around the globe all the way to the cellar and tractor of one: J.K. Carriere winery and St. Dolores Estate. His mythology is without parallel. Yes, there are no parallels, no straight lines that can be drawn on him. Widely reviled by glossy magazines and held in only minor contempt by his peers, he is held exclusively in their hearts and in their cellars. A producer of vibrant, acid-driven Pinot noir, Chardonnay and sparkling wines meant for a table and built to age, he more believes in center punching the farming and cellar, than bluster and noise. He is on the board of the Chehalem Mountain Winegrowers, the dry-farming Deep Roots Coalition and the Quiet Producers Alliance. He prefers the number 26, his favorite color is green and his porn name would be Spot Wallace.

NOTES:

Johan Vineyards owner and founder Dag Johan was first introduced to Oregon wines in 2004. The purity of the Pinot noir grape sparked a new curiosity and his enthusiasm led him to look into investment opportunities in the Willamette Valley. On a cold and rainy day in January 2005, Dag walked a property located just west of Salem. Although the fog was thick as pea soup in the steady drizzle, he fell in love with what was to become Johan Vineyards. Within three years, Dag was settled in the area with his wife Alison, and their two daughters Sofia and Hanna. Johan Wines have been crafted by winegrower Dan Rinke since 2007. Following Biodynamic® principles in the cellar all fermentations are un-inoculated and, with the exception of minimal amounts of sulfites, the wines are free of additives. We seek textural complexity, as well as flavor and aroma complexity, in all of our wines. For our whites, we do not stir the lees to increase texture, but rely instead on the quality of fruit to provide concentration in the wine. All white wines see some skin contact ranging from as little as 12 hours to as long as 30 days. Whole-cluster fermentation on the red wines contributes an additional textural dimension by imparting dusty tannins along with flavors of cinnamon and pepper.

Thirty years later, Panther Creek's iconic black label is instantly recognizable and reinforces the visionary history of the winery. Renowned winemaker, Tony Rynders has now taken over the winemaking for Panther Creek and is still discovering new vineyards to produce wines that express purity of fruit, complexity and place of origin.

The quality of the fruit was soon recognized and sought out by premier winemakers in both Oregon and California. In 1996, the Sheas produced their first barrel of wine for their own label, Shea Wine Cellars. While 75% of Shea Vineyard's fruit is still sold to over 20 other wineries, the Sheas have grown their own production to 6,500 cases of exceptional Pinot noir and 350 cases of elegant Chardonnay, all from fruit grown at Shea Vineyard.

Chef Chris Flanagan

Tel: (503) 554-1650 www.dundeebistro.com
Featured Meal: Saturday Lunch on the Lawn

Christopher Flanagan, executive chef of The Dundee Bistro, is a native of Oregon wine country; his family still lives in the small wine town of Carlton. His culinary style is inherently wine friendly, light, and intuitive. Flanagan's lifelong experience of living in one of America's finest food and wine regions is the foundation of his flavorful and unpretentious foods. His epicurean journey started with a high school senior project featuring culinary arts – a month-long internship at The Dundee Bistro and acquaintance with then-Executive Chef Jason Stoller-Smith, who remains Flanagan's friend, culinary mentor, and confidant. That teen-age opportunity changed his life; he fell in love with cooking. He went on to culinary school and kitchen positions in some of Portland's finer restaurants. Flanagan's natural talent and ability to combine flavors and textures reward his guests with every dish, whether an epicurean creation or a simple, satisfying meal.
Tobias Hogan and Ethan Powell first met while cooking at Portland’s Everett Street Bistro. In 2008, they opened EaT: An Oyster Bar, a neighborhood restaurant and bar with a New Orleans-inspired menu. With catfish po’ boys, jambalaya, and a wide assortment of farm-direct raw oysters, the partners were excited to bring their innovative southern fare to the emerging North Williams St. neighborhood. In 2012, when Tobias and Ethan researched locations for their next concept, they returned to the Pearl District. The Parish, presenting traditional Cajun food, alongside the more urban and European-inspired Creole cuisine is named after the counties, or “parishes,” found in Louisiana. The Parish is part of a resurgence of independent chef-owned restaurants dotting the new landscape of Portland’s Pearl District. As chefs committed to supporting local producers, Ethan and Tobias see the opportunity to open a second restaurant as a positive boost to local farmers, winemakers, and regional oyster farmers, as well as culinary tourists seeking farm-to-table dining within Portland’s downtown hub.

A chef instructor at Edmonds Community College, Traci Edlin’s passion for food and cooking started early. She grew up in the Pacific Northwest eating locally grown foods. Fond memories of family vacations involved salmon fishing, clamming and crabbing in Puget Sound, and going to eastern Washington to pick apples, tomatoes, nectarines, and asparagus. She remembers coming home from school to help her mom make pasta, drying it all over the kitchen. Being at Edmonds Community College for the past 14 years has allowed her to take her passion and convey it to her students. “One of my greatest joys is watching students grow from the time they enter our program where they have never held a knife to when they graduate and have started a successful career in the hospitality industry.”

Jacqueline Schultz is the Desserts Supervisor at Elephants Delicatessen. Her passion for food stems from her desire to eat delicious food. Most importantly, things filled with sugar, butter, and flour. Armed with a Graphic Design Degree and 13 years of cake making, her goal is to expand the Elephants desserts department making it a household name for Portland. Her free time is spent cooking, hosting solo dance parties, and soaking up the sun as much as possible.
Amber Olson has been working for Elephants Delicatessen for two years and has spent that time growing her skills in cake decorating and dessert production. Amber recently graduated from Linfield College with a Business Management degree and she will one day combine that knowledge with the skills that she has learned in the food industry to open her own bakery. In the meantime, she loves to produce delicious desserts and provide them to anyone who is in the need of a good smile.

FARM SPIRIT
Chef Aaron Adams
1414 SE Morrison St, Portland, OR 97202
www.farmspiritpdx.com
Featured Meal: Grand Dinner

Aaron Adams did not come to a culinary career in the usual family-dinner-around-the-kitchen-table kind of way. Growing up a latch-key in a divorced household in California's east bay, he loved watching the PBS chefs (Julia, Jacques, Yan) as an escape into a world that was warm and welcoming, and certainly divergent from the occasional dinners out at Olive Garden and Sizzler. After too much time avoiding “adult life,” Aaron headed to Guam on a whim with a friend and dabbled in cooking. He fell in love with it, but didn’t love the typhoon season, so he moved to Miami where his grandparents were now living and decided to give the culinary arts his full attention. A year later, he was Johnson and Wales' highest-achieving graduate. He honed his culinary chops in New York for several years, but after 9/11 felt ready for another change of scene and a new challenge. Aaron opened his first restaurant, Spontane, in Jacksonville, Florida in 2002.

Ever the nomadic spirit, Aaron found himself in Portland in 2005, following his brother who was just starting a family here. Upon arrival, Aaron discovered veganism, which spoke to his heart and his stomach. Unfortunately he did not think it would speak to the greater dining public. “I simply thought a cooking career without animal products was not possible,” says Adams. So he quit. After a stint as a machinist, he went back to cooking, eventually opening the very successful Portobello Vegan Trattoria with partner Dinae Horne in 2008. Now, 20 years after his first foray into the restaurant world, Aaron has opened Farm Spirit, a true expression of his desire to create an oasis for “anyone and everyone to gather in an authentic and intimate setting, and just appreciate what’s been growing around us.”

While in San Francisco, Sarah was named Executive Chef at the new Anchor and Hope, a New England style fish house. After 2 years there, she accepted the opportunity to move to Portland, Oregon to open Irving Street Kitchen and lead as Executive Chef, where she remains today. Graduating at top of his class from Portland’s Western Culinary Institute where he received the Grand Toque Award, Chef Sunny Jin went on to complete his externship at Napa Valley’s famed French Laundry working for three years under renowned chefs Thomas Keller and Corey Lee. In this capacity, Jin created and executed new menus every day at the highest level of quality. Following this experience, Jin worked at the top rated restaurant in the southern hemisphere, Sydney, Australia’s Tetsuya’s, working alongside chef owner Tetsuya Wakuda. His experience was heightened by side visits throughout Australia, New Zealand, Vietnam, and Thailand. His return to the U.S. was marked by the rare assignment of preparing for a season at El Bulli, the world’s top rated restaurant, located in Catalonia where he worked under Ferran Adria and Oriol Castro. Returning to the U.S., Jin remembered with fondness his formative school experiences and recognized the emergence of Oregon as one of the country’s preeminent food and wine destinations. His search led him to JORY at The Allison Inn & Spa which has been among the state’s best reviewed new restaurants since its opening.

Featured Meal: Friday Lunch on the Lawn

Pastry chef and entrepreneur Cheryl Wakerhauser (a.k.a. Pix), is known for combining bold flavors and textures into small, adorable packages – be it a dessert, macaron, or pintxo. After a short-lived career studying to be an astronaut, Cheryl headed to Southern France and trained at the prestigious pâtisserie of MOF Philippe Urraca. President since 2003 of the Meilleurs Ouvriers de France Pâtissiers, M. Urraca was also featured in the 2009 documentary Kings of Pastry and is one of the most notable pastry chefs in Europe at this time. Taking her French training first to our local farmer’s market and afterwards to the then desolated SE Division St, Cheryl established what is now a 15 year old Portland institution. These days, E. Burnside is home to Pix with an added savory side – Bar Vivant, a proper tapas bar modeled after those in San Sebastián.

Her other love? Champagne. Some women buy shoes, Cheryl buys champagne. The collection has grown to over 350 cuvées, including vintage and large format, with a focus on small grower producers. Her goal is to make quality wine accessible and affordable and, most importantly, provide a fun atmosphere to drink it in. The list was awarded World’s Best Champagne and Sparkling Wine List in both 2014 & 2015 by London’s World of Fine Wine Magazine. With over 90 types of sherry, the list was also voted one of Wine Enthusiast’s Best Sherry Bars in the Nation in 2015. What more can we say to that but “cheers!”

THE SALMON CREW
Featured Meal: Salmon Bake

Inspired by the Northwest Salmon Bake featured at IPNC every year, White House head usher Daniel Shanks encouraged First Lady Michelle Obama to invite chef Jason Stoller Smith of Timberline Lodge to recreate the elaborate spread for President Obama and the First Lady at the Annual Congressional Picnic in June 2010. After assembling the “DC Salmon Crew,” comprised of longtime IPNC volunteers, retired McMinnville teachers, friends, and family, Jason accepted the challenge and, with support from IPNC, headed to the nation’s capitol. The Crew built a 60-foot long fire in front of the Oval Office and served up Alaskan King salmon to 1800 members of the Congress and their families. It was an overwhelming honor and privilege to represent the Pacific Northwest at the White House. It is with the same enthusiasm and pride that the Crew pays tribute to the 30th Annual IPNC.

SODEXO
Chef Noah Bekofsky
Tel: (503) 883-2266
Featured Meal: Friday Lunch on the Lawn

Noah Bekofsky has always known he wanted to be a chef. Raised in the Pacific Northwest on macrobiotic principles in an organically-minded household, he sees his decision as a natural one. “I was always around food, and Mom was always in the kitchen cooking. The garden was out back, so I was hands-on with that and in the kitchen.” (continued on next page.)
Realizing his comfort behind the stove, he got to work as soon as he could, making salads and washing dishes at a four-star restaurant when he was 14. From there he traveled to Europe to open his mind to other cultures while eating on a backpacker budget. He stayed in Germany to work at a hotel restaurant in Garmisch-Partenkirchen. He returned to Eugene, Oregon, and was hired as the executive chef of the *Excelsior Café*. In 1994, Bekofsky headed for Hyde Park, New York to pursue a degree at the Culinary Institute of America. Over the next 20 years he worked across the United States in Austin, Miami, Sun River, Oregon, Maui, Chicago, and Scottsdale before joining Sodexo as district chef at Linfield College in McMinnville, Oregon.

His first executive chef position was at the Budd Bay Cafe, a popular seafood restaurant in Olympia, Washington. Next, he moved to Oregon's National Historic Landmark Timberline Lodge, where he saw an opportunity to pursue his passion for true seasonal food preparation and cooking. Within his first year, he rose to the rank of executive sous chef. After 4 years under the tutelage of Timberline's chef, Leif Eric Benson, Jason left to become a partner in The Dundee Bistro, where he ran the kitchen and directed the culinary program of what became Oregon's premier wine country restaurant. Jason's career came full circle in 2010, when he returned to Timberline Lodge as executive chef upon the retirement of chef Benson. His close ties and support of Oregon farmers, ranchers, vintners, and fishermen continues to nurture his reputation for utilizing locally grown sustainable food products.

WINE SERVICE

During the meals throughout the weekend, IPNC Sommelier Ambassadors and Maîtres d’Hôtel will select a selection of current and IPNC library wines with you. While there is always plenty of wine, there are usually no more than 12 bottles of any single wine. Those wines, which are small in quantity, and high in demand, will be circulated among the guests through the Maîtres d’Hôtel, so that as many people as possible will have the chance to taste each wine. These individuals are distinguished sommeliers and wine directors who donate their time to ensure our guests experience the finest service. Please feel free to ask them about the wines. Our thanks to them for their outstanding efforts on behalf of this event.

- Recycle

NOTE: The IPNC reserves the right to refuse admittance or service to any individual prior to, or during the event, and to remove any person(s) from the event whose actions are inappropriate, unauthorized, or unlawful. THANK YOU

The International Pinot Noir Celebration is a not-for-profit organization made possible by the contributions of a great many people who donate their time, expertise, services, and products. We especially wish to thank the following:

Our deepest thanks go to Dr. Thomas Hellie, President of Linfield College, and the staffs of Facilities & Auxiliary Services, especially Allison Horn, Beth Garcia, and Chris Adams, in providing their facilities, assistance, and overwhelming support.

Trappist Abbey Wine Warehouse, for receiving and storing all the wine for the IPNC, past and present.

David Autrey and the IPNC Wine Room, for orchestrating the delivery of every wine to each event throughout the weekend and for being the awesome wine librarians that they are.

Chef Andrew Biggs and Chef Philip Oswalt, IPNC Kitchen Managers, who make it happen each and every meal. We couldn’t do it without you!

Jameson Maspainella and his crew for keeping us well fed throughout the weekend.

Lending their considerable hospitality skills, the “Front of House” team puts together seminars, tastings and dining rooms for hundreds like nobody’s business. Lisa Dawson, Bruce Eckfeldt, Amilia Forsberg, Dawniel Giebel, Renee Holland, Karri Norton, Gretchen Phelps, and Danielle Reghi make it happen.

Vicki Farris, Bill Masullo, Noah Bekofsky, and Linfield Campus Dining Services for their expertise, hospitality, and generous support. Along with their staff, they are an essential part of IPNC’s success.

IPNC IncrediVols (you know who you are). It could not be done without you. Seriously.

Special thanks to the amazing team in the dish room who toil endless hours each day to ensure our supply of china, flatware, and crystal clear stemware throughout the weekend.

The hardworking Linfield College students who support IPNC all weekend long.

Mark Cooley for his technical expertise and construction prowess.

The enthusiastic group of volunteers for Registration, the Vineyard Tour & Winery Lunch, and the IPNC Market.
Thank You

Lawrence Snyder and the Stemware Logistics Team, for all their hard work ensuring that glassware is readily available at each and every event.

Heater Allen for providing beer for the Salmon Bake and afternoon activities.

Elk Cove Vineyards for the generous loan of their bio-diesel "Gators." We "wheely" couldn't do it without you.

A Special Thank You to
Zero Waste McMinnville
and
Ramsey McPhillips
Patriciafaye Marshall
Beth Dell
Steve Iversen
for helping the IPNC work towards their goal of becoming a zero waste event by 2025.
