Number One

## COLLEGE OPENING AND DEDICATION OF NEW GYM

### ADDRESS BY HARRY W. STONE LARGE AUDIENCE AT OPENING

The opening exercises and of the college year and the dedicatory services of the new gymnasium were held in that building Wednesday evening, September 21. Although the building was not complete in every detail, the gymnasium proper, which is one of the best in the northwest, furnishes McMinnville college with an unexcelled auditorium for such large gatherings.

The affair of the evening was the mile-post in the history of the college for which the officers, faculty, students and friends of the institution have long been looking, and will still longer be remembered as the rising sun in the Dawn of a New Day.

It was one of the most needed buildings to insure progress and hence first to make its appearance.

The Walnut City band followed by the Rotary club of the city, the Boy Scouts, and a long procession of students marched from the city to the new gym, where they were greeted by a host of the citizens of the city who had gathered to witness the dedicatory services.

The band rendered several selections during the evening which were greatly appreciated by the large audience. President Riley, in charge of the program, introduced the speakers of the evening. Judge Rhodes, president of the Board of Trustees, spoke a word of welcome to the new students. Dr. Stryker, president of the

Rotary club, and Mr. Liljequist, president of the Commercial club, each added his testimony to the progress and development made by the college during the past year. The following new faculty members were introduced who in turn responded with "glad we're here." Prof. H. E. Hewitt, chemistry and physics; Mrs. Lily C. Osmer, biology; Miss Mary B. Logan, voice; Prof. M. E. Pettit, athletic director; Miss Arlie Salmons, French and Spanish; Miss Lillian C. Banks, piano, and Mrs. F. E. R. Linfield, Dean of Women.

President Riley voiced his appreciation of the presence of the Boy Scouts, who hoped that the new gym might prove helpful and beneficial to each one of them. He then gave a description of the building and the new equipment which is en route, which when installed will provide the correct and necessary training for proper physical development.

The dedicatory address was delivered by Mr. Harry W. Stone, of the Portland Y. M. C. A. Mr. Stone, in a clear and forceful manner, spoke of the new gymnasium as a great asset to Christian education in the Northwest, and definitely outlined the need of physical training and development in the college, school and city.

The faculty and students rejoice that a real definite beginning has been made that will tend toward a greater and more efficient McMinnville College.

ings which were enjoyed by all. Then Miss Esther Telcher closed the program with a sweet song. Dainty refreshments of punch and wafers were served, and the party was pronounced a huge success.

#### Y. M. C. A. STAG

With the advent of another college generation comes the annual Y. M. Stag and the attendant "warm" welcome to all the new fellows.

On Saturday night in front of the new science hall there could be seen a long line of patiently waiting rooks, while from the second story of the hall came sounds which promised to terrify the bravest of that waiting crowd. One by one they ascended the stairs and after receiving the "hand of welcome" from each of the upper classmen, fell into line and did their part to hurry it along. When the last one had passed the receiving line, a circle of men was formed. Each was lying on his back, with his hand up and had instructions to keep any object, which might come his way from resting on his hands. When the object took the form of an antiate the result was a merry-go-round and ferris wheel ride combined.

The next ordeal was a race in which each man had to lie down and propel himself across the floor by the use of his hands only, much as does a seal or walrus. The winners of this race staged a left-handed boxing match, which almost turned into another race. The four handed race was novel and called for more endurance than speed.

The next resembled a football scrimmage, for each fellow was intent upon recovering his particular pair of shoes from a pile in the middle of the floor.

This concluded the "rough stuff" and after each fellow had formally introduced himself by name, nickname and home town, the year's work was outlined by the cabinet members. At last came the eats and beans, sandwiches, coffee and pie were more than enjoyed by all.

The Stag was a real success and a great deal of credit goes to George Paul and his assistants for their work. The fellows were as game a bunch as ever went to any college and with their help the Y. M. C. A. will certainly have a great year.

#### American Legion Hold Carnival

In honor of the completion of the Memorial Highway the American Legion of this city held a big carnival and street show. The many features

of the celebration were all of high order and many of the students and faculty availed themselves of this opportunity for a bit of excitement before settling down for the long winter's work.

The big street parade which was held Friday afternoon was the best that has been seen in this section of the country for several years. Other features that attracted considerable attention were the fancy diving events that were held in the park each afternoon, aeroplane stunts, street sports in which local talent furnished the competition, baseball game between McMinnville and Sheridan, street carnival each night and the battle of the Argonne coming Saturday night as the crowning event of the big celebration. These are only a few of the many attractions that made this one of the most successful celebrations ever held in the Walnut city.

#### I. C. C. ATHLETIC CONFERENCE HELD IN MAC; BASKETBALL SCHEDULE ARRANGED

Saturday, the 24th, at 10 o'clock witnessed the gathering of representatives of the schools in the Independent College Conference of Oregon for the purpose of planning a schedule for the 1921-22 basketball season.

Albany College was represented by Coach O'Neil, Pacific College by Coach Macey and Manager Armstrong, Pacific University by Coach Frank and McMinnville by Coach Pettit and Manager Maxwell.

Old Mac's outlook for the basketball championship this year is very bright as there are six of last year's letter men in school. The freshman class promises some new material and competition for the varsity five will undoubtedly be very keen. Pre-season training will commence as soon as possible. Soccer and other outdoor sports will be played as long as the weather permits and when the rainy season sets in, handball, volley ball and gym-work will be utilized to keep the men in condition. Women's teams in the various activities will also be organized.

Those who take a fancy for tennis will be interested to know that fall tennis is being planned for as long as Old Sol will allow and it is probable that the elimination matches will be played off before the delightful Oregon mists commence to filter down.

So here's for the biggest year yet, for the pennant, but above all for clean sports and strong, healthy bodies.

#### 1921-22 Basketball Schedule

P. U.—P. C. Jan 27; Albany, to be arranged; Mac, Jan. 20.  
P. C.—P. U., Jan. 13; Albany, Feb. 10; Mac, Feb. 17.  
Albany—P. U., Mar. 2; P. C., Mar. 3; Mac, Mar. 4.  
Mac—P. U., Feb. 10; P. C. Feb. 4; Albany, Feb. 24.

#### Y. W. C. A. NOTES

The Y. W. C. A. welcomes you to our campus. We want you to feel at home in our association, and we extend a hearty welcome to our weekly devotional service on Wednesday, in the Y. W. rooms on the second floor of the Conservatory building, at the regular chapel hour, 11:25 a. m. These meetings will mean a great deal to you and will aid you in becoming acquainted with the deeper and finer strain of the spiritual life of the women of our campus. Come to us and let us help you in all things. We are here to serve, and we consider it a pleasure to help you.

We find it a great pleasure to tell of the excellent work of Miss Jessie Young at the Y. W. C. A. Student conference at Seabeck. Miss Young represented our Association as the Undergraduate Representative on the Field Council, and so efficiently did she take part in the affairs of the council, that they elected her to the position of Undergraduate Field Representative for Oregon. Miss Young will visit the institutions of Oregon and inspect conditions in the Associations, and will then go to Seattle to sit in conference with other Field Representatives. We consider this an honor for our Association and we wish to congratulate Miss Young upon her excellent work, and to thank her for serving her association so splendidly.

We are glad to report that Miss Zella Peard, a new member of the cabinet, will have charge of the Seabeck Committee and already has enthusiastic plans for a big delegation next year.

### MORE NEW STUDENTS ARE ENROLLED THAN FOR YEARS

#### NEW STUDENTS AT McMINNVILLE COLLEGE

The registration this year has far exceeded that of any former time both of old students who have returned and in the number of new students to register for the first time.

Thus a larger enrollment with increased facilities promises to make for McMinnville College a bigger and better year than any one in the past.

One interesting feature to be found in looking over the list of new students is the large number of students who have come to Old Mac from the local high school. This number exceeds that of any former year so far that a Dawn of a New Day in the relationship of the college with the local high school and townspeople seems at hand.

#### Y. W. C. A. ENTERTAINS

On Friday evening, September 24th, the Y. W. C. A. entertained in honor of the new girls of Mac college. A unique receiving line was formed in which each girl introduced herself as some noted person. Everyone from Mary Pickford and the Queen of England to the scrub lady of the White House were present.

The next event was a promenade that caused much confusion and laughter and finally wound up in an exciting peanut race, closely followed by a sack race. Railroad train was next enjoyed, a new and interesting game to most every one and particularly as it led to the lunch counter.

During lunch a few words from Gretta Goude, vice-president of the Y. W. C. A., and from Mrs. Linfield, Dean of Women, were enjoyed.

After nine rahs for Myrtle, our social chairman, and her committee, all left for home feeling a little better acquainted with each other and all boosting for a prosperous year for the Y. W. C. A.

#### Iota Omega Mu

Iota Omega Mu united again on Friday evening at the home of Bernard Hansard, after having toiled for three weary months amid burning sun and drenching rain.

After the business meeting and adjournment, all sojourned to parts unknown.

#### Nesika's Meet

The "Nesika Clan" met at the Schlauch home on Friday evening Sept. 23rd for a reception to the new girls of the college. A very enjoyable evening was spent with a short program and many games. After refreshments were served everyone went away feeling that they knew each other better than before.

### Parnell Duo Bringing Smiles Galore to All Who Love Wholesome Fun Mixed With Art

In Emory M. Parnell, Lyceum boasts of one of its finest artists. Mr. Parnell is not only a gifted instrumentalist, but has a very rich baritone voice which he uses with musical discretion and with a very fine artistry. He is a master characterist as well, and his portrayals are gems of the Lyceum. Effie M. Parnell, reader, saxophonist, soprano and pianist, is a delightful assisting artist. The program is unique, full of life and action. Mr. Parnell's selections on the accordion are also a very enjoyable feature of the program. Their appearance here soon is creating a great deal of interest among the musical folks of the community.

Imperial Theater, October 14

### PHI EPSILONS FEAST AT PROF. FRERICHS' HOME

Six o'clock last Friday evening found all the members of the Phi Epsilon fraternity assembled at Professor Frerichs' home on Brockwood Hill, fully prepared to partake of what proved to be a most excellent spread given by Professor Frerichs in honor of Messrs E. Petit, a member of the fraternity in former years.

Following the banquet the fraternity dispensed with a few business matters, after which each member related his experiences during the summer and Mr. Petit humorously told of some of his experiences in the college and fraternity when he was here before. The first fraternity meeting of the new year was highly enjoyed by all.

### Conservatory Organizes

The Conservatory department is expecting a very fine year. The officers for the year are Loda Davis, president; Flora Maloney, vice-president; Maude Finley, secretary and treasurer; Dorothea Reichert, executive board.

During the year there will be various recitals. These are some of the many student activities and we expect hearty cooperation. These recitals and musical entertainments are very interesting.

### Delta Psi Delta

Delta Psi Delta met for its first meeting of the year at the Farnsworth home on Friday evening. The evening was devoted to the exchange of summer experiences, and a jolly reunion of the men who have returned.

The fraternity is anticipating the best year in its history and is glad to welcome back Mr. Hugh Whirry who was unable to be in school last year.

### THE HAND BOOK

The student handbook published by the Y. W. C. A. and Y. M. C. A. was placed in the hands of the students Friday. This publication contains a lot of useful information concerning rules and regulations of the faculty and student organizations.

Much credit is due Osa Northup, editor, and Orin Wilson, manager for a neat and handy publication.

### ADVISE FRESHMEN

Paul Jackson of last year's senior class was chosen as class adviser of the Freshmen class at Olympia High school where he is engaged as an instructor in history and English.

### New Equipment for the Gym

The new equipment necessary for the completion of the gymnasium has arrived. President Riley made the statement that everything needed to fully equip and complete the gym was on the college grounds now.

Waldo "Wamp" Hoberg and Elvin Hall were among the old students who did not register until Monday.

John Dullan of the freshman class spent the week-end in Portland with his brother.

Ernest Ambwin, a former student, spent Saturday and Sunday renewing old acquaintances in McMinnville.

## THE REVIEW

Editor..... Harold Bliss  
Manager..... Weston R. Henry

THE REVIEW is published every week from October to June by the students of McMinnville College.

Subscription price \$1.50 per year. Single copies 5 cents.

Entered at the postoffice at McMinnville, Oregon, as second-class matter.

### PAPER MADE POSSIBLE

It is a well known fact that the advertisers who are the business men of the town are the ones that make the school publications possible and a success.

This year the business men have been very fine to deal with and are giving us the very best kind of support.

As a return for this kindness we would like to suggest that the students read the advertisements and find out who our loyal backers are and remember it when you have any shopping to do in town.

They will appreciate it and it will help us ever so much in our publication. We thank you.

### A STEP FORWARD

McMinnville college has taken a step forward and like all other forward movements there are tracks left behind to indicate for a time at least the place from where the start was made.

So it is with our college campus, uncompleted plumbline, open ditches and scraps of lumber remind us of the way it has been and cause some inconvenience but let us bear these kindly for those who are doing the work are making rapid strides in covering up the spot where we stood last year even

as the wind and rain blot out foot prints in the sand.

As a reward for thirty-three years of faithful service, Dean Northup received for his class room the best equipment that money could buy. But we feel that Pres. Riley's suggestion that we all help the Dean take care of his new desks is hardly needed for Alumni and students, who have ever been in Prof. Northup's class, agree with us when we say that the Dean is capable of looking after his own equipment in more thorough manner than any of us could be expected to do.

### READ THE CONSTITUTION

Copies of the constitution of the Associated Students of McMinnville College can be had for the asking. Follow General Manager Larson's advice and get one and read it over and then you will know whether things are being run right or not and you won't have to guess whether the officers of the association are doing things in the proper manner.

### THE CLASS IN JOURNALISM

A course in Journalism has been installed in school as one of the regular subjects and college credit is given for it. Prof. Gardiner has charge of this class and promises to give those who care to take it some real practical as well as theoretical work along this line. The class is to take a very material part in the publishing of our weekly paper.

The instructor has also arranged with the editor of the Telephone Register to do some practical work for the town publication.

This affords an excellent opportunity for service and any who are interested and can arrange to take the course should do so for the class is small and the amount of practical work on hand is more than the class at present can easily handle.

We take our hats off to the Rotary Club for being a live organization dynamically charged with pep and enthusiasm.

We noticed that President Liljequist of the Commercial Club struck a responsive cord in the student body when he spoke of football in his speech at the dedication of the new gym.

We want the new students as well as the old to call our attention to anything that we leave out of the paper, to be free to criticize, to bring us any news that you think we are liable not to get. This publication is your paper, make it so by helping us. We thank you.

### A WORD FROM THE WISE

We ran across these clever bits of wisdom and philosophy and we thought them so good that we are passing them on to you:

God is not taking the blossoms away from your life for any purpose other than that you may bear fruit unto Him.

When you ask "What's the harm?" you have half answered the question. Let those who have no scruples be patient with those who have.

Our brother's weakness must be the measure of our duty.

Those who are the stumbling blocks to others are the last to find it out.

Decide questions from the center of your life, not from the circumference.

It is harder to decide between good and best than between good and bad.

Confidence is a giant maker.

A life that is love governed has already found its paradise; it can never again seem poor and commonplace.

One finds what one seeks.

Courtesy is a Christian grace.

Patience, sympathy, courtesy, these three things are the ways to avoid offenses.

Don't place your wishbone where your backbone ought to be.

It is by presence of mind in untried emergencies that the mature metal of a man is tested.

You think what you read and what a man thinketh so is he.

A genius forms itself in solitude but a character forms itself in struggling with the world.

Duty makes us do things well but

love makes us do them beautifully.—Brooks.

What gets your attention gets you. Christianity, like a bird, dies when confined.

Opportunity is often spelled impossibility.

A Christian is God Almighty's gentleman.

Nothing more blackens the soul and blurs the spiritual vision than the nursing of a grudge.

As a peg straineth the lute-strings, so courtesy stretcheth the heart-strings.

There is no outward sign of courtesy that does not rest on a deep moral foundation.

By a union of courtesy and talent an adversary may be made to grace a defeat as the sandal-tree perfumes the hatchet that cuts it down.

Courtesy smoothes wrinkles.

Fine manners are like personal beauty; a letter of credit everywhere.

Courtesy is a wreath of flowers that adorns the world.

Courtesy is real kindness kindly expressed.

### ROOKS WEAR GREEN CAPS

Monday morning coming to school in a drizzling rain the Sophomores were agreeably surprised if not a little disappointed to see here and there patches of green which gave an indication of peace loving Freshmen wearing their time honored green lids without ever a word of protest.

This is as far as could be learned the first time in the history of the College that the first year men have blossomed out in their green sky pieces without a rather forceful protest which usually ended in the beginners wearing the green cap as sort of a compromise or a self inflicted penalty rather than as a college custom.

The Freshmen are showing the right spirits and if the Frosh and Sophs must fight as is the custom, it will probably be carried out along some organized lines which are really better for the classes involved and it gives the other classes a chance to witness a spirited contest where spirit of the right sort prevails.

The Freshmen met for their first class meeting Monday after chapel and tried to elect officers but the results were not final as there was no election in any of the offices.

### COLLEGE TRAINING BRINGS GOOD RETURNS

Graduates of State College are Successful in Business and Farming. Facts are Given

That practical education pays is indicated by the fact that graduates of the Oregon agricultural college are holding responsible and remunerative positions as shown by hundreds of letters received from them.

Students actually go into the fields for which they are training, as indicated by statistics compiled. Seventy-nine per cent of the graduates from the school of agriculture are doing straight farming, or some kind of work directly related to it, according to statistics recently compiled in the office of Dean A. B. Cordley.

Related agricultural work, in which many students are successfully engaged, is done by county agents, club leaders, extension specialists, and college or vocational agriculture teachers, experiment station workers, or workers under the United States department of agriculture.

More than 20 per cent of the entire student body has been enrolled in the school of agriculture during the last 30 years, according to report. Enrollment last school year was more than 900 students out of a total of 3654 for the regular course of study offered by the various schools of the college. In addition to this number, hundreds were enrolled by the college for the various short courses offered.

Graduates in the school of agriculture go on their own farms for life work, become superintendents or managers of other people's farms, orchards, dairy, or poultry plants, become seed or feed specialists for commercial concerns, landscape gardeners, florists, farm mechanics or canneries managers.

### WHITNEY BOYS' CHORUS—700 VOICES WILL SING AT STATE FAIR GROUNDS SUNDAY P. M.

Music lovers will be accorded a great treat at the Oregon state fair grounds on Sunday afternoon, October 2, when the famous Whitney Boys chorus of seven hundred voices will give a program in the fair grounds. In front of the grandstand an immense raised platform will be erected to hold the chorus. That the work of the Whitney Boys' chorus is appreciated is evidenced by the following testimonials which are a few of many such complimentary reviews given by newspapers and theatre managers on the Pacific coast:

"A chorus of boys, the like of which has never before been heard in Riverside, and which was a revelation as well as an enjoyment, gave a concert in Fairmount park last night to an audience of at least three thousand people. The chorus was the Whitney Boys' chorus. Their ensembles are excellent and the selections the boys sing are ones which appeal to them personally and are sung with a real 'punch.' The soloists too are a great feature of the program. Master Leon Mundy sang with an ability which many an older music student might have envied. His voice is exceptionally clear and high. A fine, smooth, quality may be found in Floyd Murphy's bass voice, and he won prolonged applause in his solo number Young Edward Carey handled his cornet with the skill of an artist and was heard in a difficult number which manifested his technique. Claude Lorraine, a gifted boy orator, gave an original oration."—Riverside Enterprise, Riverside, Cal.

"At Grace Methodist church last night the Whitney Boys' chorus entertained an audience that packed the building and the continued rounds of applause that greeted each number showed the high appreciation of the efforts of this wonderful juvenile organization."—The Sacramento Union Sacramento, Calif.

"The chorus work of your boys is among the best I have ever heard. Their show pleases 100 per cent." Yours very cordially, J. J. Wood, Mgr. Reddings Theatre, Reddings, Calif.

The Whitney Boys' chorus has been the recipient of many honors. Four times they have been honored by President Wilson. At San Francisco on behalf of the exposition they were presented by Vice-President Moore with a magnificent American flag with an embossed bronze plate upon the staff. Their audiences have numbered as high as twenty thousand at a single performance. They are not only the largest Boys' chorus in the world, but also include the most varied aggregation of boys talent ever presented upon a single platform. At the Salem

concert the specialties will include boy soloists, boy orator, boy cornetist, boy pianist, boy tenor and boy bass.

A magnabox is being installed on the Salem fair grounds which will enable an audience of 50,000 people to distinctly hear every syllable.

For this wonderful concert the admission fee is only 50 cents for adults and 25 cents for children—no war tax—and it is hoped that the citizens of Oregon will show by their attendance their appreciation of this great singing organization, which is bringing additional fame to their home state as a center of music and refinement.

### FROSH ELECT PRESIDENT

FLOYD MILLER

Floyd Miller of McMinnville was elected president of the Freshmen class at a meeting held Tuesday noon after chapel.

He comes to old Mac from the local high school where he graduated last year. Mr. Miller was prominent in athletics and dramatics in the high school.

Under his guidance the Freshmen class ought to have a good year and be a real live organization.

### KANGAROO COURT REORGANIZED ALONG NEW LINES

The Kangaroo Court which was brought into being in our college for the first time last year has been completely reorganized by the upper classmen and will soon be ready for business.

The purpose of this organization is to see that all standardized college traditions are continued as such, and that the rules of the faculty and student body are carried out in so far as it is possible for an organization of this nature to go.

The Court is composed of three men from the Senior class, three from the Junior class and two from the Sophomore class. The court room will be in the lower floor in the observatory building which President Riley gave the organization the privilege of using.

An offender of the laws as they now exist or any laws that it seems advisable to make will be brought before Chief Justice Milton Evans Coe as soon after the offense is committed as is possible for the court to convene.

Any further laws deemed advisable by this body will be duly posted and penalty will not be inflicted for the violation of the same until all of the student body have had ample time to become acquainted with said regulations.

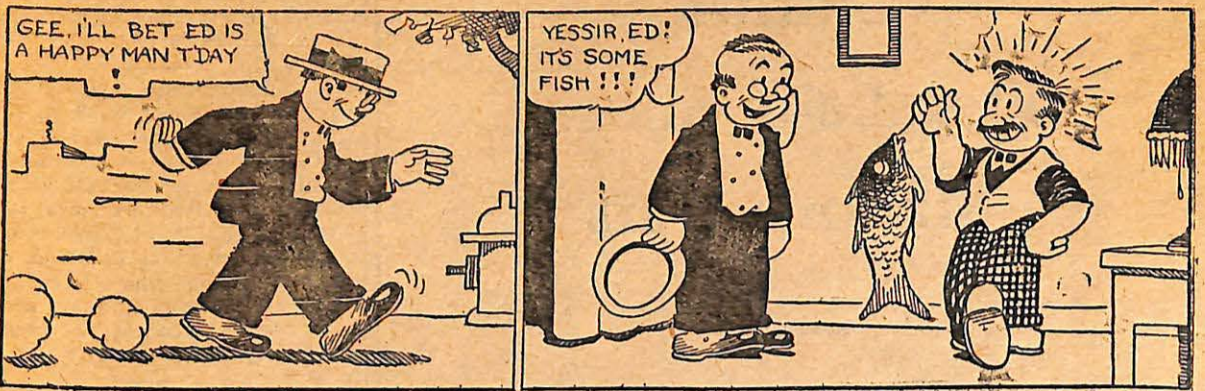

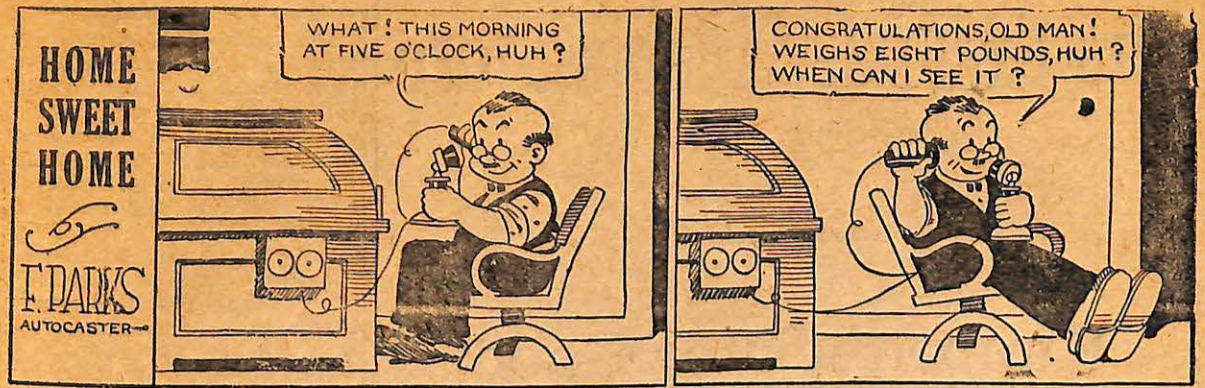

The personnel of the court are: Senior members, Milton Coe, Jake Manley, Henry Weiss; Junior members are Roscoe Larson, George Paul, Harold Bliss; Sophomore members are Waldo Hoberg and Dave Campbell.

The officers are Chief Justice Milton Evans Coe, Prosecuting Attorney Jesse Manley, Council for the defense Henry Weiss, Clerk of the court Harold Bliss, Chief Bailiff Waldo Hoberg. All of the Sophomore class are to act as a vigilance committee.

### McMINNVILLE'S CARNIVAL

Tomorrow as dawn doth come in We people of dear old McMinn, Will awake with a shout, And all hasten about To make our Carnival spin.

We've a promise of beauty untold, And when to the world we unfold A program of splendor Led by feminine gender;

You'll admit the statement's not bold.

Be up with the sun and stay on 'Till the brightness of day is all gone; Let loose of some wealth, And drink to the health Of Alice, the Queen of Argonne. This poem was read by Nels Pike at the Rotary luncheon Wednesday noon.

### GOES EAST

Blair Stewart, formerly a Mac student, but a graduate of Reed College, went east this year to take a fellowship at the University of Illinois.

H. B. Robinson of the West Coast Engraving company, called on the Review manager Monday.

### SERVICE MEN WITH CLAIMS WILL BE ASSISTED THROUGH RED-CROSS IN McMINNVILLE

The Yamhill county chapter of the American Red Cross has engaged the services of Mrs. Lucile Stoffer, formerly of Central Division, Amer. Red Cross, Chicago, for the purpose of assisting every ex-service man in Yamhill county to secure satisfaction in any claim he may have against the government, whether it be travel pay, back pay, insurance, or compensation, etc.

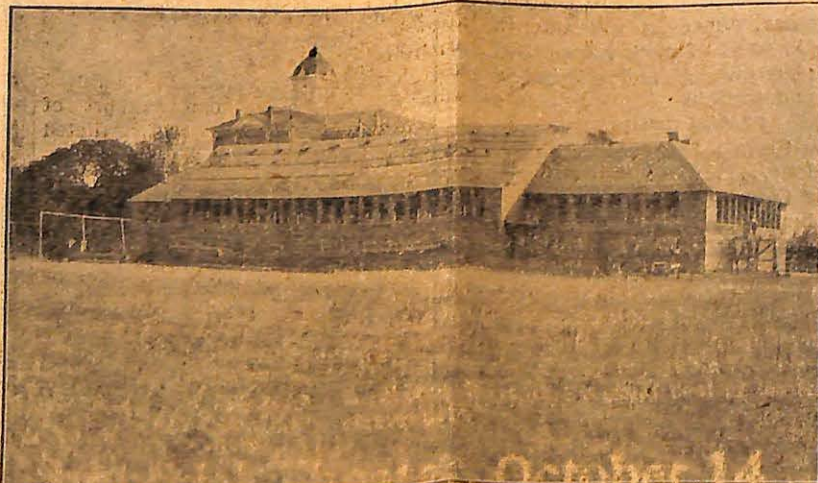

Through the courtesy of the Commercial club, a Red Cross office has been established in the Commercial club rooms, and it is the desire of the Red Cross that all men who have a claim of any sort, call at the office and Mrs. Stoffer will be very glad to adjust if possible, each and every claim. If it is impossible for anyone to call at the Red Cross office, send a card to Mrs. Stoffer and she will be pleased to make a visit to the home, anywhere in Yamhill county, to secure the information necessary to adjust the claim.

It is earnestly hoped that many of the boys will be in McMinnville and that each one will find it possible to visit the Red Cross office in the Commercial club rooms, 410 Third St., for the purpose of becoming acquainted, even if he has no claim.

### THE NATIONAL ORGANIZATION FOR PUBLIC HEALTH NURSING

What is it. The National organization for public health nursing is a non-administrative body formed to execute the following functions:

1. To supply information to community associations employing public health nurses, or directly to public health nurses working in individual capacity.
2. To persuade more young women to enter the nursing profession.
3. To educate all communities in the value of public health nursing.
4. To help inculcate and maintain the highest standards essential in the education courses required for the training for public health nurses.

OUR NEW GYMNASIUM

Why is it necessary. The need for the care of the sick and for the prevention of disease and epidemic reaches every city and town and every village and farm. If this work of care and prevention is to be effective, there must be a standardization of method based on cumulative experience. There must, further, be a central source from which the knowledge gained from experience can be made available to every part of the country. The national organization for public health nursing is the agency that gathers this data, compiles records and statistics and distributes the resulting facts and improvements in methods for the use of other groups.

### RED CROSS DISASTER RELIEF

There were 70 disasters in the United States from January, 1920, to June 4, 1921, in which the Red Cross rendered relief. One hundred and seventy-seven chapters had to meet disaster emergencies.

In these calamities hundreds of persons lost their lives, thousands were injured, more than ten thousand were made homeless, and millions of dollars worth of property was destroyed.

The American Red Cross must hear the "alerte" when it sounds in order to render efficient assistance for no one can know where the next disaster is to strike. The larger chapters keep disaster relief supplies in readiness as well as nurses and other relief workers, who can go at a moment's notice. Preparedness for disaster relief is a strong plank in the permanent American Red Cross program.

Since 1881 the American Red Cross has expended more than \$14,000,000.

for the single purpose of disaster relief—such as the aid it gave when a cyclone struck a little town in Georgia or rendered when the flood swept Pueblo. Both in Pueblo and at Tulsa, Okla., during the race riots, Red Cross nurses were among the first to reach and the last to leave the scenes of disaster and in both cases worked for periods, often of a week without pay.

Best quality goods at lowest possible prices.

### SOCIETY NOTES

The Lambda Lambda Sigma Sorority girls met at the beautiful new Ballard home Friday evening for the first meeting of the year.

A joyous time was spent around the fireplace relating the experiences of the summer vacation. Everyone was seemingly tired and a real slumber party took place.

All were up early Saturday morning for the devotional exercises which were led by Mrs. McSherry. After these services a sumptuous breakfast was served by "The Twins."

Pictures taken of the jolly crowd will help those present to remember this one of the many good times spent at the Ballard home.

A delightful "get acquainted" tea was served by the Y. W. C. A. Tuesday afternoon, September 20, in the Y. W. study room in the administration building. Both new and old girls were very glad to meet our new Dean of Women, Mrs. Linfield, who was present. We hope that it is but one of many more good times to be enjoyed by us all this coming year, when we have ceased to be old and new girls are all loyal members of Y. W. C. A.

The Alpha Gamma Nu fraternity held the first meeting of the year at the Stewart home on Crawford avenue last Friday night.

Mr. and Mrs. Earl Richardson were visitors in McMinnville last week.

There are only two officers of the student body who did not return to school this fall. They are Orin Wilson, Glee Club manager, who has found it impossible to attend school this year and Clifford Hornbeck yelling who is attending O. A. C. this year.

Clifford Vester who was here last year stopped on his way to the State University at Eugene to spend a few days with his friends here.

Professor VanOsdel writes that he likes the University of Redlands fine and looks forward to a pleasant year in his new work.

### Kappa Alpha Phi

The Kappa Alpha Phi sorority met at the home of Osa Northup on Friday evening. After a short business session, the girls enjoyed the reading of a fat Round Robin letter which had made its flight during the summer. A beautiful birthday cake was served in honor of Miss Helen Skinner. Mr. and Mrs. Earl Richardson were guests during the social hour.

### I DOUBT IT

When a pair of red lips are upturned to your own,

With no one to gossip about it, Do you pray for endurance to let them alone?

Well, maybe you do—but I doubt it.

When a shy little hand you're permitted to seize,

With a velvety softness about it, Do you think you can drop it with never a squeeze?

Well, maybe you can—but I doubt it.

When a tapering waist is in reach of your arm,

With a wonderful plumpness about it,

Do you argue the point 'twixt the good and the harm?

Well, maybe you do—but I doubt it.

And if by these tricks you should capture a heart

With a womanly sweetness about it, Will you guard it and keep it and act the good part?

Well, maybe you will—but I doubt it.

### STUDENT DIRECTORY

The purpose of the Review this week is to publish as many articles as possible that will remain practically the same thruout the year. By printing the schedule, a list of the new students and a directory of the officers of the different organizations in school we hope to give the students information which they will be wanting more and more as the school work progresses. If each student will keep his copy of the paper where he can refer to it when in need of such information he will save himself and others lots of time and trouble.
