Number Twenty-One

TWO VICTORIES GIVES LINFIELD COLLEGE THE CONFERENCE CHAMPIONSHIP

Baptists Win Hard Battle at Albany; Philomath Proves Easy; Game With Albany Saturday Ends Season

By winning both games on the trip the Linfield College basketball team can now claim the Independent College conference basketball championship without any fear of losing it. With but one more game to play the team could lose it and still hold top place for Pacific University the closest rival has two defeats in the conference.

ALBANY GAME CLOSE

Last Friday night the Albany basketball team played the Baptist hoopers the hardest game of the season. The visiting team won the game in the last two minutes of play. The final score was twenty to fifteen.

The Linfield team started the first half with a rush, Hickok scored two baskets in a short time. Then Milt came down the side line and put in a counter. Ben soon got under way and added two more points. Hickok got another basket and Kratt shot a foul running Linfield's total up to eleven points while Wilkinson of Albany made all of their counters for this half on a field goal and a converted foul.

ALBANY STAGES COMEBACK

With what was apparently a safe lead the Linfield boys started the second half with a feeling of security. But this was not long lived for before the game had hardly started Daniels, the speedy Albany forward, dropped a long one through the hoop and then three more in quick succession until they were leading the visitors by one point, the score being fourteen to thirteen.

Ben Larson then put Linfield in the lead with a field goal. Four personal fouls put Hickok out of the game and Miller went in to take his place. Daniels shot a foul and tied the score. Larson then converted a free one into a counter again giving Linfield the lead. With but a minute and a half to play and the game still anybody's game, Kratt grabbed the ball out of the air near the center of the floor, shot for the basket and made it. Linfield had a three point lead and one minute to go. In the last minute Miller, tho closely guarded, managed to get another point, giving the Baptists twenty just as the whistle blew.

This was the hardest conference game the team has played. Kratt played a good guarding game while the scoring honors go to Hickok and Ben Larson for Linfield. Daniels of

Albany was high point man of the game with ten points.

Linfield—B. Larson 7 and Hickok 6, forwards; Coe 2, center; Kratt 3 and Larson, guards. Miller 2, Sub.

Albany—Daniels 10 and Wilkinson 5, forwards; Wilcox, center; Olen and Henderson, guards.

T. H. Gawley, Portland Y. M. C. A., referee.

SCORE PILES UP AT PHILOMATH

The boys had their eyes on the basket when they reached Philomath Saturday night and managed to annex 47 points while the home team made four points on two fouls and a field goal.

Hickok, Ben and Miller dropped the ball through the ring for counters almost at will. B. Larson was high point man with seven field goals to his credit, Miller and Hickok followed close behind with five apiece. Milt Coe made four points, Kratt three and Doak two. In the second half Coach Pettit sent in his second string men and let them finish the game.

To Haskins, Philomath forward goes the credit for their only field goal.

Philomath rooters though few in number and with their team hopelessly beaten kept up their pep and were behind their boys until the final whistle blew.

McMINNVILLE ROOTERS ARRIVE VERY LATE

King Arthur Wilson, Mike Marsh, Kenneth Hickok, Weston Henry and Reeves Helm who had motored down from McMinnville to see the game arrived just in time to see the last part of the second half. The night before at Albany, Marsh, Wilson and Kenneth Hickok surprised the team by arriving in Albany before the game.

These loyal rooters deserve much credit. The team feels that they have some mighty loyal backers when fellows will motor forty miles over bad roads two nights hand running to see them play and to root.

Linfield—Ben Larson 14 and Hickok 10, forwards; Coe 8, center; Kratt 3 and Hoberg, guards.

Philomath—Haskins 3 and Kilpatrick 1, forwards; Berriman, center; Sharpe and Epley, guards.

Subs: Linfield—Miller, 10; Bliss, 6; Doak, 2; Hansard, L. Larson.

CONFERENCE MANAGERS MEET

Friday, March 4, the managers of the Independent College Conference baseball, track and tennis teams will meet in McMinnville to make the schedule for spring athletics.

Linfield college will be represented by Edwin Kratt, baseball manager, Harvey Locke, tennis manager, and Russel Elliot track manager.

Representatives from Albany College, Pacific College, Reed College, Pacific University, Philomath College, and Willamette university are expected to be here.

PETTIT IS SICK

Coach Maurice Pettit is sick in bed with the la grippe. He caught a bad cold on the trip and since that time has been confined to his bed. Beginning today Ben Larson and Proppe will have charge of the gym classes.

ALBANY PLAYS LAST GAME

Albany College will play here Saturday night in the last game of the season for Linfield college. This will probably be one of the fastest games played in McMinnville this year.

FIRST CALL FOR SPRING ATHLETICS—BASEBALL, TRACK

Coach Maurice Pettit gives the first call to track and baseball aspirants for next Monday. He wants all men interested in either activity to report at the gymnasium next Monday at four o'clock.

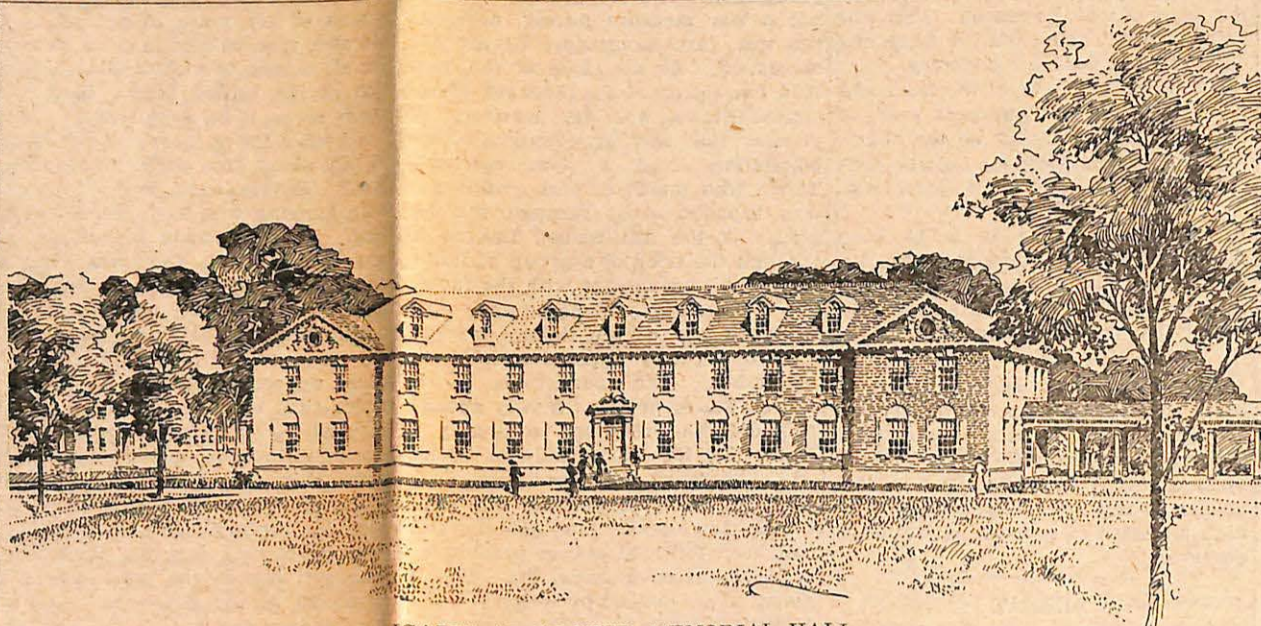

The next few days will be spent in preliminary training indoors. The baseball men will do some batting practice and limber up their arms. The battery men will be given regular consistent indoor work outs.

The sprint and distance men will receive most of the attention in track in the indoor work.

His Wife: "I want to go to town to get a hat, some new frocks, and a pair of boots. What's the weather forecast?"

He: "Rain, hail, sleet, frost and thunder storms."—La Vie Parisienne.

Oregon Agricultural College, Corvallis, Feb. 15.—Campus clean-up days are booked for the second and fourth Fridays of each month, when all "rooks," whose schedules will permit, will be set to work by the vigilance committee.

ISABEL M. GROVER, MEMORIAL HALL

NEW DORMITORY WILL BE MEMORIAL FOR THE LATE ISABEL M. GROVER

General Promotion Board to Provide Funds From New World Movement, New Housing Facilities Needed.

OREGON BOARD OF PROMOTION ACTS

The board of promotion of the state of Oregon reached a very gracious decision at a special meeting held in Portland on Wednesday, February 23. The program of this board in connection with the New World movement calls for the collection of \$107,830.66 on the pledges already made and the securing of an additional \$78,099.89 in cash before May 1, 1922. After due consideration, the members of the board present, with other denominational leaders, voted unanimously to designate \$50,000 of this latter sum for the Isabel M. Grover Hall. This building will be a dormitory for young women and will be erected as a memorial for one whose entire student and teaching days were spent in McMinnville, now Linfield, College.

Isabel M. Grover

Miss Isabel M. Grover was born at Brownsville, Oregon, and with her family came to McMinnville for educational advantages. She graduated from our college in 1898 with the degree of Bachelor of Arts. She first taught Latin and later on had charge of the department of History. The year 1901-2 and the summers of 1907 and 1908 were spent studying at the University of Chicago. The summer of 1919 was spent at the University of Washington, Seattle, where she was called to her reward on September 2, 1919.

Professor Grover was the first to hold the title of Dean of Women, though she acted in this capacity for many years previous to her official appointment. She was willing at any time to give up her own pleasure and sacrifice all her own plans for the sake of helping any who were in need of her counsel and sympathy. She was an earnest and conscientious teacher and was ever faithful and loyal to her Alma Mater and its administration. During the whole summer previous to her "home-going" she was enthusiastically laying plans for improving her efficiency as a teacher and devising new methods for the benefit of the young people under her tuition. Many a young woman and young man active in the work of the Kingdom today will gratefully testify that the ambition to be of real service in the kingdom of Jesus Christ was imparted through conferences with Professor Grover. Her memory will always be lovingly cherished by her former students and her influence is still felt in the life of the institution to which she gave so much of sacrificial service. It is very fitting indeed that on our

campus should stand a building of permanent character which will perpetuate her name and keep her memory alive in the minds and hearts of coming generations of students.

ISABEL M. GROVER HALL

The picture of the building shown on this page are drafts of our architect, Mr. A. E. Doyle of Portland, Oregon. Before beginning the erection, these plans will be very carefully revised in order that the building when completed may provide as convenient and as comfortable quarters as possible for our young women. It is hoped soon that a College Commons may be erected which will obviate the necessity of having a dining room and kitchen in Isabel M. Grover Hall. This will make it possible to provide accommodations for a larger number of girls than is indicated in the plans as presented.

The Zeta Chi sorority, of which Miss Grover was an honored member, has for some time past been raising funds to build a beautiful fireplace in this memorial hall. From the estate of the late E. W. Green of Spokane we have received \$400.00 toward a piano for this same building. Other friends of Miss Grover have already indicated their desire to make large contributions. The effort, therefore, to raise \$50,000 to commemorate the life of one who has done so much for our young people should meet with a most hearty response on the part of her friends and others interested in Christian education.

NEED OF HOUSING FACILITIES

This fund as designated should by all means be raised, so that this dormitory may be erected next summer. Linfield college now has but one cottage dormitory which accommodates not more than fifteen girls. The others are located in rooms out in the community. While this plan has been followed for many decades, it is by no means ideal. In our day girls and young women in college should be housed under the careful guardianship of a good Christian matron. The best is none too good for our Baptist young women.

Wamp—I've just been down to have my picture taken and the photographer told me I had a wooden smile.

Geo.—Well, what can you expect from a blockhead?

"Dunno what's the matter—couple fellows I passed on the campus said 'hello'."

"Must gonna be an election."—Sun Dodger.

STATE ORATORICAL CONTEST; NEWBERG

Cox Working Hard; Class Delegates Elected

The annual contest of the Intercollegiate Oratorical association of Oregon, will be held on the evening of March 10, at Pacific College, Newberg.

Emerson Cox, Linfield College orator is putting in faithful work on his oration, "The Suspended Sword," and can be relied upon to ably uphold Linfield in the coming contest.

Henry Dirksen, who won second place in the local tryout, will, according to custom, represent the college at the banquet following the contest, with a toast entitled "The Exhaust." This will be the last toast on the Autoast program arranged for the banquet.

Classes met Monday after chapel and elected the following representatives to the contest. Seniors, Walter Harcourt, Frances Moore; Juniors, John Crump and Llewellyn Sanderman; Sophomores, Mary Louise Andrews and Worth D. Wright; Freshmen, Alfred Hillier and Harris Erickson.

These delegates will attend the general business meeting at four p. m. Friday in the auditorium of Woodmar Hall, Pacific college. They will also be guests at the banquet following the contest.

The executive board will meet at 10:00 a. m. Friday when the grades from the judges on thought and composition will be made known to the executive committeemen from each school.

According to the I. O. A. O. constitution the contest will be held at Albany next year and at Linfield college the following year. The vice-president to be elected for the coming year will be from Linfield college, as is provided for in the constitution.

A rousing delegation to back up Emerson is expected from the associated students in the true "Linfield" style.

It is planned to arrange for transportation for all those who desire to go. Newberg is but a short distance from here and the expense will be very small.

SERIOUS ILLNESS

Miss Myrtle Lovegren is very sick with a very serious case of meningitis. It was thought Saturday that she could not live but later reports are to the effect that she is much improved now and that there are hopes of her recovery.

DR. JOHNSON IN CHAPEL

Dr. C. O. Johnson of Tacoma gave the students a very helpful and interesting chapel talk yesterday in chapel. He spoke on "Making the Best Use of What You Have Where You Are."

HONOR ROLL FOR FIRST SEMESTER

Seniors Lead in Percentage; More Women Than Men

The Honor Roll for the first semester has been prepared by the Registrar. There are several interesting things found in the course of the compilation of these grades. One hundred and three of the two hundred thirty-nine students enrolled are on the Honor Roll which means that nearly half of the student body is doing work of ninety per cent or higher.

The Seniors lead all other classes in the number of Honor students with twenty-four of their twenty-eight students on the list.

The general average of all of the fraternities and sororities is also given. The Registrar's office hoped that in giving these facts for publication that it might stimulate friendly rivalry among the different societies and cause a general effort towards higher grades.

The Honor Roll is as follows:

- Seniors—Ballard, Mary; Ballard, Myrtle; Belle, Neppie; Christiansen, Sarah; Coe, Milton; Davis, Loda; Harcourt, Walter; Ingram, Delia; Jeffery, Jessie; Johnson, Doreen; Larson, Benjamin; Larson, Minnie; Maloney, Flora; Moore, Frances; Nissen, Carl; O'Keefe, Ruth; Ranney, Ethel; Rich, Mark; Schlauch, Gertrude; Stewart, Vivian; Varney, Bernice; Weiss, Henry; Whitaker, Fred; Young, Jessie
- Juniors—Anderson, David; Anderson, Hannah; Anderson, Olga C; Cox, Emerson; Cross, Sylvester; Crump, John; Dirksen, Henry; Finley, Maude; Oliver, Alice; Skinner, Helen; Whirry, Hugh; Younklin, Ruth
- Sophomores—Andrews, Mary Louise; Arnold, Allan; Clark, Edith; Clark, Fern; Cummins, Eva; Dow, Alice; Edmunds, Grace; Edson, Kenneth; Farrar, Grace; Goude, Gretta; Kratt, Edwin; McElvain, Lloyd; Nachtigal, Hulda; Osgood, William; Riley, Janet; Riley, Ruth; Schmidt, Alice; Schutt, Hilda; Scott, William; Turner, Josephine; Wingett, Evelyn
- Freshmen—Baumgartner, Marguerite; Berger, Edmund; Bingham, Vance; Black, Annie; Blom, Helen; Braat, Doris; Cachopero, Pedro; Chegwyn, Winifred; Chenoweth, Myrtle; Cole, Lona; Craig, Emily; Duncan, Leland; Duncan, Verne; Flanagan, Zelma; Fullerton, Wilhelmina

PRESS FORWARD

By Edgar A. Guest

Stand you doubting and discouraged at the gateway of your dreams?
Is the goal that you are seeking worth the peril that it seems?
Is it failure you are facing, is it failure you have met?
Meet it bravely, meet it squarely! You may come to triumph yet!

Other men have stood to trials, other men have suffered care,
All life's victors long have battled for the crowns which now they wear;
There were days when doubts assailed them, and when dangers hedged them in,
There were days when they were failures, but they rose again to win.

There were times they were discouraged; times their goals seemed far away
And their best seemed, oh, so futile as they faced their darkest day;
Yet they fought their way to triumph, kept their faith in God and man,
And their victories now you witness. As they conquered so you can.

Stand you doubting and discouraged at the gateway of your dreams?
Is the goal that you are seeking worth the peril that it seems?
Just remember out of trials more than those which now you face,
Other men have come to glory. So press forward in the race!

WRITE A LETTER

If you have a friend who is interested in Linfield College and who would like to get some reliable information concerning our part in the new world movement and what it means to us, take a little time some day and write them a nice long letter. They will appreciate it and you will be furthering the cause of Linfield College.

CHECK UP

Where are you going and what are you doing? Are you drifting away from your New Year resolutions? Are you sliding thru again or are you up on your toes in the front line?
If you are not sure where you stand check up and see. Check up often and keep up with your work, for spring is coming where work that is behind and to be made up is a double drag.

KEEP OFF THE GRASS

Are we getting careless? Don't we care how our campus looks? Apparently not, from the large number of students that cut across the lawn at the most convenient spot at any particular time. Let us watch this and do all within our power to make and keep our campus an attractive looking place.

SPRING CALLS

Already the baseball and track fever is mounting high. With spring at hand, next week will find the men who are trying out for these activities on the job.
Prospects for a good schedule in both activities looms big. So let us work for winning teams in both activities.

People who sit around waiting for their ship to come in usually find that it is hardship.

For JEWELRY See
Mark Hanna
The Trustworthy Jeweler

THE LAST CHANCE

This is the first year for some time that our basketball team has won the championship. Coming just when it has with the change of the name and everything pulling together we have just reason to be proud of the team.

The boys have worked hard. Coach Pettit has done everything within his power to turn out a winning team. Their combined efforts have been successful. Captain Coe has led the boys to victory in every conference game.

The rooters have been right behind the team every minute of play and that has been a big help.

Friday night Albany comes here for the last game of the season. This will be a good fast game and the team will have to work hard for a victory.

Let us all get back of the team and give them the best support ever so that they will not only be the champions of the Independent College conference but the undefeated champions.

How great a thing it is to keep thinking, observing—and reading! You have badly lost a day on which you cannot look back and recall something useful that you have learned.

What most of us really want is to move along with general procession, having as much fun as we can and not too much responsibility. We insist upon taking life easily, finding this brings us the most happiness and as high a degree of success as we really deserve.

DEFEAT

No one is beat till he quits,
No one is thru till he stops,
No matter how hard Failure hits,
No matter how often he drops,
A fellow's not down till he lies
In the dust and refuses to rise.

Fate can slam him and bang him around,
And batter his frame till he's sore,
But she never can say that he's downed
While he bobs up serenely for more.
A fellow's not dead till he dies,
Nor beat till he no longer tries.

AN ASSET

The splendid new gymnasium, which was erected on the campus of Linfield college during the past summer, at a cost of over \$25,000, is truly proving a valuable asset to the college and also to the entire community.

To the college students it would be very hard to estimate the worth of this fine building. A course in physical education has been made a part of the college curriculum and in this way the physical needs are attended to as well as the educational needs. The best of basketball floors is ready for instant use, while small rooms provide places for other games. The gymnasium is so located as to be easily accessible from the athletic field. When the spring athletics are started it will be very easy for the athletes to complete their afternoon's training with a good shower.

But not only is the gymnasium an asset to the college students, it is an asset to the community. Since the condemning of the city auditorium, the high school basketball games are being played in the new gymnasium and so the high school pupils have an unusual opportunity of using a first class gymnasium.

Twice each week a number of the business men make the trip to the gymnasium and spend an hour and a half there playing games and undergoing physical exercise. In this way the business men are enabled to keep in the best of condition.

Truly Linfield college gymnasium with its splendid equipment is a great asset not only to the college, but also to the entire community.—Telephone Register.

"OBEDIENCE TO LAW IS LIBERTY"

By George Stewart, Jr.
"Obedience to Law is Liberty." This sentence is carved across the front of the court house of an old New England city. It has special meaning for the college men of America in a day of unprecedented law-breaking. Said a college president recently: "The wholesale disregard for law which we see about us today has raised a situation the like of which we have not seen since slavery, when we consider its effects on our national life."

Now to get at the facts concerning prohibition. The dry amendment was not a war measure purely, although the war gave momentum to the dry movement. At the close of the year 1916 two-thirds of the territory of the United States was dry territory by popular vote, and three-fourths of our population lived in that territory. Those who maintain that prohibition was brought about through the duplicity of the Anti-Saloon League or through the trick of a group of fanatics are not conversant with the facts.

It is a favorite pastime now for wags to make fun of prohibition workers and to ask why a popular vote was not taken. The constitution of the United States provides a very specific and definite procedure according to which that instrument may be amended. Everyone of those steps were complied with in making the Eighteenth Amendment law, just as they had been followed out in passing the prior seventeen amendments. The legality of the method by which the prohibition amendment was passed is established beyond the shadow of a doubt. The fact is there is no procedure by which the constitution may be amended by popular vote.

Again, many will argue that even though legally passed it would have been expedient to have discussed such a matter for a large period. This idea is honestly advanced by a great many people. The answer is that the whole issue was not fought out in a corner. It has been discussed from lecture platforms, pulpit and press for eighty years. Not even slavery had as many decades of debate. Maine and Kansas became dry states and suffered because they were among the first to lead the way. But in spite of abuses economists, doctors, business men, and educators gradually came to see the benefits of prohibition and spoke out on the issue, and county after county and state after state, having thoroughly debated the matter, voted themselves dry by majority vote. It any would plead the tyranny of the majority the only answer than can be given is that in a democracy the majority necessarily must rule.

And now about the college man and the present status of prohibition. The law as we see it in operation is obeyed best among the laboring classes—if we may be permitted to speak of Americans in terms of classes—less well obeyed among the middle classes, and least well obeyed among the most privileged and wealthy people in our country. In other words, that "Fashion" against which the "Gentleman with a duster" inveighs, which has received the best our nation has to offer in the way of education, which holds rightly or wrongly the great bulk of our wealth, which possesses social privilege and power, which sets the pace for the throng which looks to the top for its cue, is disdainful of the nation's law.

This law is not an ordinary regulation, but is a part of our constitution, the violation of which weakens the very foundation upon which our government rests, namely respect for that which has been made a part of our fundamental legal instrument by those legal means provided. After the passage of the dry amendment ex-President Taft, now chief justice, wrote a magazine article in which he said, in effect, that although he had not favor-

ed prohibition it was now a part of the United States constitution and there was but one thing for its citizens to do; obey it!

I do not wish here to go into the disgusting details that all of us know are occurring on college campuses and among college men across the country. I firmly believe it is because college men have not waked up to the fact of what they are doing. A man of hardy constitution may recover from intoxication induced from drinking a pint of gin bought from a bootlegger whom he despises, but what he is doing is something worse than getting drunk. He, in the highest position of leadership and influence possible for a man of his years to occupy, is of his own free will setting an example for all others to violate the constitution of the United States, in fact as much so as if he kept slaves. There has been a lot of loose and sentimental talk about "too per cent Americanism." People have been threatened with hanging who have sneered at our flag. But thousands of college men are doing worse, they are violating and holding up to ridicule that which makes the flag have significance—the constitution of the United States. Every man when joining a fraternity gives up some personal privileges in order that the common good may be insured. Every citizen and especially every influential citizen can forego some things to promote the general welfare. Thousands of college men would voluntarily give up drinking, I believe, if they say that their action was striking at the most sacred instrument of our government and was threatening the regard for law upon which philosophy of government is based.

UNIVERSITY OF WASHINGTON SEEKS PERMANENT EVENT

Western Event Will Embrace Trio of Competitions that Give Luster to Tourney

What the University of Pennsylvania annual relay carnival is to the East, the University of Washington has hopes of making its annual relay event for the West. This year's event will be held April 29, which means that the eastern and western relays will be run-off at the same time. The University of Pennsylvania will run its preliminaries on April 28, reserving the next day for the finals.

The western meet will embrace three classes of competition. The larger universities will make up the first class. In the second class will be the smaller colleges, and the third class will embrace the high schools and college freshmen. Invitations to the University of Washington meet will be sent out soon.

There seems no reason why Washington's hope of making its relay carnival a blue ribbon event should not materialize. The eastern carnival involves much time, much traveling and much expense for the far western and western teams. The new Washington stadium offers a site for the relays which cannot be bettered anywhere on the coast.

A track for the event is being built and should be in perfect condition.—Oregonian.

You who accumulate knowledge are far wiser than the one who heaps up his money. For your learning can never be taken from you. And it's "tax free!"

In a home the other day I saw a boy buried in a book. I stood and looked at him and said to myself that there was a boy who would be heard from some day.

Appreciation is one of the great gifts. And the more you learn the more you are able to appreciate.

Social Activities

Edited by ALICE OLIVER

Conquest Birthday Party

The annual birthday party of the Conquest class was held in Music Hall on Wednesday, February twenty-second. The various parts of the program were carried out in fitting George Washington style.

As each person entered the hall, he was tagged with the name of some eatable. These in turn were gathered together into menus, and a contest soon waged, as to the most appetizing menu in the room. Miss Christiansen's group carried off the honors.

Soon Mr. Brock announced that in all parts of the room were hidden "Washington's," and each member of each group was to collect as many of these as possible, so as to spell out the names Martha and George Washington. Jack Crump's group happening to have one of the members who had hidden the names naturally won the contest. Then it was that several of the crowd was chosen to be dressed as Martha and George Washington, their costumes being made from newspapers. Several artists were discovered among the different groups. The judges, Professor Gardiner and Dean Linfield, finally decided upon Miss Edith Clark as Martha and George Paul as George Washington. All the costumes were clever and truly colonial.

Next on the program was a "Colonial Walkout" in which the ladies and chivalrous partners walked out on the college campus, and returned to drop their birthday pennies in a box at the door. The amount collected was thirty dollars as was later announced by Mr. Dierks, class treasurer.

When the couples returned from the moonlight stroll, the seats were arranged for the play and tickets of admission were granted at the door upon the payment of the birthday pennies. Mr. Paul gave a short summary of the Colonial play "Mrs. Murray's Dinner Party" which was very well acted out by the different members of the cast.

The last number on the program "A Chip of the Old Block" seemed rather puzzling at first, but it was soon discovered that refreshments were being brought in. Brick ice cream was served, and hatched shaped cookies were stuck in one side of the cream, so that "a chip of the old block" was significant enough now.

Much of the success of the evening's entertainment is due to Miss Dorothy Reichart who is social chairman of the Conquest class.

Hikers

Another holiday afforded an opportunity for more hikes, and several different crowds took advantage of the good day.

One crowd chaperoned by Miss Ramsey followed the Sheridan road and hit a trail off to the left where a fire was built and a good lunch was eaten. Those on the hike were Greta Goude, Marguerite Baumgartner, Emily Craig, Esther Wright, Alice Oliver, Elmer Dierks, Ernest Losli, Clem Wallace, and Bern Wright.

Phi Epsilon

The Phi Epsilon fraternity held its regular weekly meeting Friday evening in the room of Elmer Dierks. The first part of the evening was devoted to the installation of officers. Officers for this semester are, President, Elmer Dierks; Vice-President, Dave Campbell; Secretary, Harvey Locke; Treasurer, Russell Elliott.

We are glad to announce as honorary member Mr. Chas. Kopf and as new members Vance Bingham, Ursus Brock, Leland Duncan, Vern Duncan, Walter Gowen, Dan Issac, Don Stowe, and Jerry Stowe.

Forensic Club

The Forensic club met in the chapel Tuesday evening, seven-thirty. The program of the evening was enthusiastically entered into by all. Features of the evening's entertainment were, paper by Miss Goude on Extemporaneous Speaking, parliamentary drill, extemporaneous talks. All present agreed that the happy meeting of one hour was profitably spent. Help the Forensic club by coming to its meetings and it will help you in being a bigger man or woman.

Lambda Lambda Sigma

The Lambda Lambda Sigma sorority met Friday evening with Alice Dow. After a business meeting, the remainder of the evening was spent in a general social way. Special music was

furnished during the evening.

The sorority regrets very much to lose one of its members, Dorothea Baldwin, who returned home Monday evening. A goodly representation of the sorority went down to the depot to bid Dorothea goodbye. She was presented with a box of home made candy and reading material to make her journey homeward more pleasant.

Zeta Chi

Zeta Chi gathered around the fireplace at the White House Friday evening, as the guest of Miss Janet Riley. Business occupied the greater part of the evening until the tea wagon appeared, and all cares vanished.

Kappa Alpha Phi

On Saturday evening, the girls gathered together at the home of Miss Margaret Ramsey for a business and social evening.

The officers for this semester are: Casiqua, Mary Louise Andrews; Escriitor, Greta Goude; Chaplin, Vivian Stewart; Editors, Osa Northup and Alice Oliver.

Nesika

Last Friday evening the Nesika girls with pillows and blankets set out to Half-Wit Cottage. In the first part of the evening an impromptu program was given in which many hidden talents were discovered. Alice McKnight sprang a delightful surprise by treating all to ice cream. Then came the weighty problem of how to settle for the night. A very few fortunate ones gained possession of the bed and lounge, but the rest were doomed to the hard floor, which was softened as much as possible by rugs and blankets. It is not necessary to tell here how much sleeping there was that night, and everyone knows the meaning of the words "slumber party." But it is enough to say that none were too sleepy the next morning to enjoy the delicious hot waffles that were served for breakfast.

Philomathean

The Philomathean Literary society met with Miss Lucile Larkey on Friday evening. After listening to a well arranged program the girls were ready to enjoy the lovely refreshments provided by our hostess.

ADELPHIAN LITERARY SOCIETY

The Adelpian Literary society met at the home of Mr. Tubbs, Friday evening. After the usual session of business was disposed of, the remainder of the evening was devoted to the program, which later led to an interesting discussion following the paper given by Prof. Hewitt on Einstein's theory of Relativity. At the close of the program, the most filling number was rendered by our hostess, Mrs. Tubbs, namely that of the refreshments. This number was heartily applauded by the members.

COLLEGE GLEE CLUB ENTERTAIN ELKS

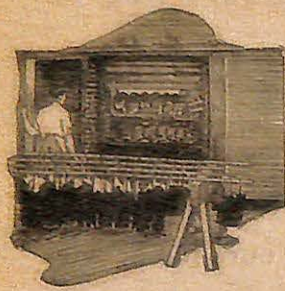

Thursday evening the Linfield College Glee club furnished the entertainment at the fifty-fourth anniversary of the Elks lodge in our city. The program consisted of a number of vocal solos, piano solos, quartettes and two appearances of the entire club. The numbers were well rendered and the club deserves credit for the excellent work and the splendid way in which it represented the college conservatory.

During the evening the members of the club, especially the young men, for the young ladies were not so adept in the various arts, entertained themselves royally in the lodge club rooms. Immediately following the program the club was invited to join the "bread line" and passed into the dining room to enjoy a bounteous luncheon with the lodge.

The club appreciated this opportunity to serve the business men of our city and to become acquainted with members of the Elks lodge.

STUDENT VOLUNTEERS MEET

The Student Volunteer band has grown greatly in the past month. Several new members have been added to the band and through the topics which the various leaders have brought we feel that we have benefited spiritually. The leaders for the month have been Myrtle Lovegren, Kenneth Edson, Fern Clark and Walter Harcourt.

What Is Water Japan?

JAPAN—not the country but a metal-coating varnish—and your morning bottle of milk. Totally unlike, yet associated!

Ordinary japan consists of a tough, rubbery, tar-like "base" and a highly inflammable "solvent." The solvent dilutes the base so that the metal may be coated with it easily. The presence of the solvent involves considerable fire risk, especially in the baking oven.

Milk is a watery fluid containing suspended particles of butter fat, so small that one needs the ultra-microscope to detect them. An insoluble substance held permanently in suspension in a liquid in this manner is in "colloidal suspension."

The principle of colloidal suspension as demonstrated in milk was applied by the Research Laboratories of the General Electric Company to develop Water Japan. In this compound the particles of japan base are colloiddally suspended in water. The fire risk vanishes.

So the analysis of milk has pointed the way to a safe japan. Again Nature serves industry.

Connected with the common things around us are many principles which may be applied to the uses of industry with revolutionary results. As Hamlet said, "There are more things in Heaven and earth, Horatio, than are dreamt of in your philosophy."

MISS BAUMGARTNER WINS MEDAL

Margaurite Baumgartner is the recipient of a bronze medal for speed in typewriting. The medal is sent out by the Underwood Typewriting company to those making a speed of 40, 50, or 60 words a minute for fifteen minutes. The medal is given for 40 words per minute, and for each additional ten words an extra bar is added. Miss Baumgartner passed the 50 word test.

LIFE OF A NEWSPAPER WRITER AS OUTLINED

"To become a good newspaper writer:
 "First, care about it tremendously. Get on fire with the idea that writing is fascinating, thrilling, heart-breaking—better than anything in the world.
 "Second, work like the devil. Take hold of this man's sized job and sweat at it. Forget what you are paid. Forget whether you're on daylight saving or standard time. Hustle.
 Third, write your head off. Write all the time—any kind of stuff. Never give the pen or typewriter a rest. Prepare for the thousands of words you are to write by writing hundreds of thousands.
 "Fourth, read everything that stimulates you. Let the cheap fellows alone. And don't bank too much on the best-sellers."—Henry J. Smith of The Chicago Daily News.

SIR ORACLE SEZ

Whoopee!
 Hot Bun!!
 Hooray for our side.
 Ain't we got fun?
 Zis, boom, bah!
 Rah, rah, rah!
 There goes your old pennant.
 Just one more game this season.
 There is no chance to lose the flag now.

The results last week-end were—
 Gratifying, to say the least.
 The bell rang both nights.
 It listened well.
 The game Friday night was some game.

They led us 14-12 once.
 The boys worked then I guess.
 They made five points in—
 The last minute and a half.
 Fast going.
 Deese got a basket.
 The boys say th Rooks beat Columbia.

A good clean game.
 They painted Corvallis red.
 One of the barbers saw Doak's eye—
 And asked if he was one of the U. of W. wrestlers.

He was pretty husky so—
 Doak told him no.
 The girls at Philomath didn't see—
 How our boys could do it—
 That is, make so many baskets.
 The boys were pretty tired when they got home.

P. U. beat Nevada 19-17.
 The lineup was the same as—
 The one used against us.
 Their good men must have—
 Taken sick at the last minute.
 If they had been in Nevada would not have led at the end of the first half.

P. U. came back in the second though.

O. A. C. beat U. of W. 26-21, 31-27.
 That gives Idaho the coast and northwest championships.
 With O. A. C. second.

The Oregon Rooks have had a good season.
 They haven't lost a game all year.

Baseball and track are beginning to occupy the headlines now.
 Baseball men want to limber up their gloves.
 Track men their legs.

It begins to look as though—
 Baseball would be played with snowballs;
 And track work would be done on snowshoes and skis.

The last game of the season is Saturday.
 Everybody be there.
 GASCON, Duke of Buncombe.

NIP AND TUCK'S KOLUM

Smile and the world smiles with you—snore, and you sleep alone.

Full evening dress suit—pajamas.

Head—A knob fastened to the shoulders. It keeps a rope from slipping off your neck.

The Answer to the Bachelor's Prayer

(See last week's Kolum)
 This "backward, turn backward" stuff gives us a pain;

Who wants to crawl back, like a crab in the rain?

Why should we judge women by their clothes alone?

As well judge a dress-form without flesh and bone.

The women's God bless them, are right as you please;

They like to be loved, and enjoy a good squeeze;

The shy Quaker lass treats the right guy the same

As the swell "look who I am" society dame.

And down at the shore, where the big breakers roar,

With three ounces of clothing, and nothing much more

Though they come from McMinnville, from Broadway or Pike,

In such scant apparel they all look alike.

So prick up your ears and listen to me. The ladies are all right, whoever they be.

And none of this "backward" stuff—roundabout face;

To Hades with clothes—get into the race.

So here is a toast, you'll admit it's a gem,

A cup of creek water, I drink it to them;

"Love to all women by all kinds of men,
 Hurray for the ladies, forever, amen!"

Devil—an old rascal mentioned in the Bible, now often confused with Henry Ford, as they both brought trouble into the world and their works are found everywhere.

A ride goeth before a fall. See broncho, airship, etc.

Written by Nip and Tuck.

It is one of the best plays that the Town Dramatic club has ever put on.

THIRD MISSION LECTURE

Dr. Johnson of Tacoma will give the third lecture of the Mission Lecture series, at the church Thursday, seven o'clock. Were you one of the hundred students of the college who heard Dr. Bryant give his wonderfully thrilling message last week? If you were not there last week you better make it a point to be there this week for we guarantee Dr. Johnson absolutely. If you think you didn't miss anything last week in not hearing Dr. Bryant, ask somebody who heard him, and if you think you won't miss anything in not hearing Dr. Johnson ask somebody who knows him.

Rev. Bryant co-pastor with Dr. W. B. Hinson of the East Side Baptist church of Portland gave an address at the local Baptist church last Thursday evening, telling of the experiences of the four years he devoted to missionary service in Africa.

With his brilliant style and keen sense of humor, Dr. Bryant held the audience in absolute command during the entire discourse.

The story of the voyage with its storms, seasickness and joys was related in a delightful manner which brought smiles and bursts of laughter from the audience. Concerning the 4 years in service a few outstanding events about remarkable conversions, tours and incidents of body healing were described. The fine Christian spirit of the speaker combined with a delightful style, discriminating choice of words and vivid descriptions depicted the missionaries life in all its glory.

A wonderful spirit pervaded the entire meeting. The appeal to service was impelling. Undoubtedly many of the young people present are giving serious consideration to the call of missionary service as a result of the address. About 100 college students were present.

This was the second of a series of five lectures given under the auspices of the Y. M. C. A. and Y. W. C. A. in cooperation with First Baptist church, Thursday evening, seven o'clock.

BASEBALL IS TO BE DROPPED

Willamette University Loses Too Heavily on Basketball

Willamette University, Salem, Or., Feb. 24.—Lack of funds as well as a dearth of baseball material will prevent Willamette university from filling its conference baseball schedule, according to a decision reached at a meeting of the student executive committee. A basketball season which has lost heavily from a financial viewpoint and the fact that only one letter man in school was eligible for baseball, led Coach Bohler to recommend the action.

Non-conference ball, however, will be played and the university will participate in non-conference track as well.—Oregonian.

How to grow fat—raise hogs.

The present German air is hot air.

An electric power plant—a current bush.

NEWBERG H. S. WON GAME

When the ancient rivals clashed Tuesday night, Nofty's basketeers of Newberg romped away with the long end of a long 20-15 score over McMinnville. It was a fast game from start to finish and anybody's game until the final whistle.

The two teams are playing here in the collage gym Friday night for the district championship, the winning team will get to go to Salem to the state tournament.

The McMinnville boys expect to turn the tables on Newberg at the game Friday night.

Bob—"Don't you weigh more than you did?" Belle—"A bit. I started at nine and a half pounds."—Boston Globe.
