Add value to students with 'career stimulus package'

In these interesting economic times, we are eager to add value to Linfield students and alumni. In an effort to do so, Career Services is offering a “career stimulus package.” In March, Linfield students can spend a week working at a participating company to get some real-world experience. They can also take part in one-day job shadows or benefit from the advice of panelists through a career exploration class. If you are interested in providing work experience, serving as a job shadow host or speaking on a panel, contact us at alumni@linfield.edu. If you are in need of your own career stimulus, we invite you to attend one of our upcoming workshops focused on improving skills or clarifying direction. For those whose careers are already headed in the right direction, consider helping a Linfield student or alumna by participating in one of the programs mentioned above or by hosting a Linfield professionals networking gathering. Together we can make the Linfield degree and the Linfield experience more valuable. It’s your Linfield – pass it on!

Ad Rutschman ’54, former Linfield coach and athletic director:

“Alumni have recommended students to Linfield for years. We have a quality product and it’s important to continue to bring in top-notch students. Not only do students get a great education, but they can take part in athletics, an added bonus.”

Alyssa Nichols ’13:

“Linfield was always an option. I liked the atmosphere and the idea of being close to home.”

You can help Linfield recruit the class of 2014 by visiting or calling the Office of Admission to recommend a prospective student at 800-640-2287.
